

Beebe Town Library

BEEBE TOWN LIBRARY

WAKEFIELD, MASS.

This Library, established in 1856, is supported by taxation and by the income from trust funds (in 1910 the trust funds amounted to \$7,000) and is for the free use of all residents of Wakefield. Temporary residents, by giving satisfactory references, will be gladly offered its privileges. The public reading room, also in the Town Hall building, is free to all.

APPLICATION BLANKS may be signed by any resident over ten years of age, but application by children under fourteen must be endorsed by parents or guardians.

CALL CARDS will be issued to all whose applications are satisfactory and thereon shall be recorded the date books taken are "Due" and "Returned." NON-FICTION call cards with special privileges will be issued to all requesting them.

If a call card is lost, it will be replaced in one week after notice has been given, or at once upon payment of five cents.

No book can be exchanged on the same day on which it is taken out.

MISUSE OF PRIVILEGES.—Two cents a day will be charged for books kept beyond the date "Due" as recorded on the card and in the back of the book. If any book is lost or materially injured, the person to whom it stands charged will be responsible for its replacement.

Books are supposed to be in proper repair and if found not to be so, the Librarian should be notified at once; otherwise the holder is liable to be charged for damages.

MODIFICATIONS of these rules which may be made at any time will be posted in the Library.

The Library will not be doing its whole work until every man, woman and child in Wakefield is looking to it for pleasure and information.

Record of Town Meetings

TOWN MEEETING OF FEBRUARY 10, 1919.

Meeting called to order by Moderator Eaton at 7.40 o'clock P. M., who read the call for meeting and Constable's return.

Article 1. To see if the town will raise and appropriate a sufficient sum of money to celebrate from time to time the return of the Wakefield soldiers and sailors from the war, and to provide suitable decorations, memorials and entertainment for them, or what they will do about it.—Board of Selectmen.

Report on article by Finance Committee.

Motion by J. J. Round.

That the town raise and appropriate the sum of \$4,000 to be spent in arranging a public welcome for the returning soldiers and sailors of the World War, and that a committee of forty-one be appointed by the Moderator with power to add to its members if it desires, and that this committee be given full authority to expend this money for the above purpose in any manner they may think wise.

Amendment by Harry E. Clemons.

That yoemen and nurses be added.

Amendment carried and motion as amended then voted.

On motion of D. E. Regan.

Voted: That name of M. E. S. Clemons be added to committee as read by Moderator.

COMMITTEE.

Charles E. Walton, John J. Round, F. H. Hackett, Maj. George H. Taylor, Wesley S. Goodwin, Harry E. Clemons, Eden K. Bowser, Solon O. Richardson, Thomas E. Dwyer, Rev. Austin Rice, Rev. F. S. Boody, Rev. F. J. Halloran, Rev. W. S. Perkins, D. D., Rev. J. J. Cogan, Rev. F. T. Kenyon, Rev. B. G. Seaboyer, Rev. W. H. Flynn, Rev. J. F. Meheran, Charles N. Winship, H. M. Wheeler, Lt. Col. J. H. McMahon, Capt. John L. Downing, J. Warren Poland, Thomas G. O'Connell, Dr. C. L. Sopher, Dr. J. William O'Connell, George A. Cowdry, J. Lowe McMahon, F. N. McIntire, C. W. Hodgdon, A. C. Verge, Samuel K. Hamilton, Thomas Hickey, William E. Arnold, Harry I. Thayer, John H. Beebe, Daniel H. Regan, H. M. Dolbeare, Col. Edward J. Gihon, G. E. Campbell, Salvatore Guarnaccia, M. E. S. Clemons.

TOWN MEETING, MARCH 10, 1919

Meeting called to order at 7.38 o'clock P. M. by Moderator Eaton, who read call for meeting.

On Motion of F. H. Emerson.

Voted: That further reading of the warrant with the exception of Constable's Return be omitted.

Constable's return then read.

Article 1. To act upon the reports of town officers as published.

Voted: That reports of town officers as printed be accepted.

Article 2. To choose all town officers not required to be chosen by ballott.

Voted: That a committee of five be appointed to prepare and bring in a list of all town officers not required to be chosen by ballot.

Article 3. To see if the town will authorize the Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1919, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

On Motion of A. H. Boardman.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money on and after January 1, 1919, in anticipation of the revenue of the financial year beginning January 1, 1919, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1919.

Article 4. To determine how much money the town will raise and appropriate for General Government, Protection of Persons and Property, Health and Sanitation, Highways, Charities and Soldiers' Benefits, Education, Recreation and Unclassified Public Service Enterprises, Interest and Maturing Dept.

For interest and maturing debts.

Of which \$20,700 shall be for interest, and \$16,400 for maturing notes and bonds.

Article 5. To see if the town will raise and appropriate the sum of \$3,000 to be spent in rebuilding Salem Street provided that both the State and County each appropriate an equal amount for the same purpose.

On Motion of Finance Committee.

Voted: That the subject matter of this article be indefinitely postponed, the amount having been raised under Article 4.

Article 6. To see if the town will authorize the Selectmen to expend the sum of \$6,000 in the permanent rebuilding of Salem Street, or what they will do about it.—Board of Selectmen.

On Motion of Finance Committee.

Voted: That the Town authorize the Selectmen to expend the sum of \$6,000 for the macadam construction of Salem Street under the specifications approved by the Massachusetts Highway Commission.

Article 7. To see if the town will raise and appropriate the sum of \$6,000 for the purpose outlined in the last preceding article; or to see if the town will authorize the Treasurer, with the approval of the Selectmen to issue bonds, notes or scrip of the town to an amount not exceeding \$6,000 to provide necessary funds for carrying out any action voted under the preceding article, or what they will do about it.—Board of Selectmen.

On Motion of A. H. Boardman.

Voted: That the sum of \$6,000 is hereby appropriated for the purpose mentioned in Article 6, and that, for the purpose of providing for the payment for the macadam construction of Salem Street, as authorized by vote of the town under Article 6 of the warrant for the town meeting of March 10, 1919, the Treasurer be and is hereby authorized, with the approval of the Selectmen, to issue bonds or notes of the town of the aggregate sum of \$6,000; said bonds or notes to be payable within one year from date of issue and to bear interest payable semi-annually; all particulars as to form, date of issue and sale of said bonds or notes to be determined by the Treasurer with the approval of the Selectmen.

Affirmative 187. Negative 1.

Article 8. To see if the town will raise and appropriate a sufficient sum of money to macadamize Armory Street, grade and put the sidewalks in proper condition, or what they will do about it.—Arthur G. Parker and others.

On Motion of Finance Committee.

Voted: That the subject matter of Article 8 be referred to the Selectmen for action

Article 9. To see if the town will vote to raise and appropriate the sum of \$200 for the purpose of making repairs on Highland Street, or what they will do about it.—Dennis A. Mahoney and others.

On Motion of Finance Committee.

Voted: That the subject matter of Article 9 be referred to the Selectmen for action.

Article 10. To see if the town will raise and appropriate sufficient money to install a catch basin in Pine Street corner of Kendrick Road, under the direction of the Highway Department or what they will do about it.—Nathaniel Hines and others.

On Motion of Finance Committee.

Voted: That the subject matter of Article 10 be referred to the Selectmen for action.

Article 11. To see if the town will authorize the High School Building Committee to expend an amount of money in addition to the amount already appropriated to build and equip the new high school.—High School Building Committee.

On Motion of W. V. Taylor.

Voted: That the subject matter of this article be laid upon the table.

Article 12. To see if the town will appropriate the amount authorized under the previous article and authorize the Town Treasurer with the approval of the Selectmen to borrow the same, and issue bonds, notes and scrip of the town therefor.

On Motion of W. V. Taylor.

Voted: That the subject matter of this article be laid upon the table.

Article 13. To see if the town will authorize the High School Building Committee to begin work on the new High School at a later date than March 30th, 1919.

A Motion by J. J. Round to authorize the committee as per Article was lost.

On Motion of Mr. Bruorton.

Voted: That the subject matter of this article be laid upon the table.

Article 14. To see if the town will vote to change the time when the bonds authorized for building the High School under Article 23 of the town warrant for the meeting called for March 12th, 1917, shall be payable, or what they will do about it.

On Motion of W. V. Taylor.

Voted: That the subject matter of this article be laid upon the table.

Article 15. To hear and act upon the report of the Montrose School Building Committee.

Report of committee was presented by Mr. J. Richard Lunt.

Voted: That report of committee be accepted.

Article 16. To see if the town will vote to erect a new school building in the Woodville District, or what they will do about it.

On Motion of Finance Committee.

That the town erect a new school building in Woodville District and that a building committee of seven be appointed by the Moderator to carry out such purpose.

Substitute motion by Mr. W. C. Robbins.

That the town erect and furnish a new school building in the Woodville District on land owned by the town contiguous to the land on which the present Woodville School is located, and that a committee of nine, of which the Superintendent of Schools and at least two members of the School Board shall be members, be appointed by the Moderator to carry out the vote under this article.

A Motion by Mr. Lowe to refer to a committee which would report back to the meeting was lost. "Yes" 65, "No" 74.

During the discussion under this article,

On Motion of S. K. Hamilton,

Voted: That this meeting stand adjourned to Tuesday evening, March 18, at 7:30 o'clock.

Moderator appointed the following Committee under Article 2:

Francis H. Emerson, Emery W. Rolfe, Albert R. Perkins, V. F. Homer, N. D. Mayo.

Adjourned at 10:35. Attendance 250.

ADJOURNED TOWN MEETING, MARCH 18, 1919

Meeting called to order by Moderator Eaton at 7:35 o'clock, Article 16 being in order.

On Motion of S. K. Hamilton,

Voted: That this meeting and all subsequent meeting adjourn at 10 o'clock P. M.

Article 16

The substitute motion as made by Mr. Robbins was accepted by Mr. Taylor and after a brief discussion was voted in the affirmative.

Article 17

To see if the town will vote to issue its bonds, notes or scrip, to provide funds for the erection of any building authorized under the preceding article, or what they will do about it.

On Motion of Finance Committee.

Voted: That the sum of \$52,000.00 is hereby appropriated for the erection of a school in the Woodville District as authorized under Article 16 of the Warrant for the town meeting of March 10, 1919, and that the Treasurer be and is hereby authorized with the approval of the Selectmen, to issue bonds or notes of the Town, not to exceed the aggregate sum of \$52,000.00; said bonds or notes to be payable \$3,000 in each of the years 1920 to 1923 inclusive, and \$2,500 in each of the years 1924 to 1939 inclusive, all of said bonds or notes to bear interest payable semi-annually; all particulars as to date, interest, form, issuance and sale of said bonds or notes to be determined by the Treasurer with the approval of the Selectmen.

"Yes" 121, "No" 1.

Article 18

To see if the town will vote to transfer from the Poor Department to the School Department, title to such lands as may be required for school purposes in the Woodville District, or what they will do about it.

On Motion of W. C. Robbins,

Voted: That the Town transfer from the Overseers of the Poor to the School Department for School purposes, control of land on the easterly side of Farm Street, contiguous to the southerly and easterly sides of the present Woodville school lot; described as follows: Commencing at the southerly line of the present school house lot on Farm Street, thence southerly by Farm Street 150 feet, thence at about a right angle easterly 500 feet to a brook, thence northerly by said brook to a point about 350 feet easterly from Farm Street, thence westerly to the northerly line of the present school house lot, and in the same course, thence southerly by the easterly line of said school house lot, thence westerly by the southerly line of said school house lot to the point of beginning; amounting to approximately three acres.

Article 19

To see if the town will vote to authorize and direct the Selectmen to dispose of the present school building in the Woodville District, when a new building shall have been completed, or what they will do about it.

On Motion of W. C. Robbins.

Voted: That the town authorize and direct the Board of Selectmen to dispose of the present Woodville School Building, and have it removed from the school land when a new building shall have been completed as authorized under Article 16 of the Warrant for the Town Meeting of March 10, 1919.

Article 20

To see if the town will authorize the School Committee to establish and maintain State-aided vocational education in accordance with the provisions of Chap. 471, Acts 1911, and acts amendatory thereto, or dependent thereon, and further authorize the School Committee to spend a sum not exceeding six hundred dollars (\$600) for the purpose of maintaining Practical Arts evening classes for women.

On Motion of Finance Committee,

Voted: That the Town authorize the School Committee to expend the sum of \$600 for the purposes called for in Article 20.

Article 2

Voted: To take up Article 2.

Mr. Rolfe reported for Committee.

Voted: That the report be accepted and adopted and the names placed in nomination be elected by the town.

Finance Committee—3 Years

Warner V. Taylor, William H. Cartland, Edward F. Preston, Willis C. Robbins, Eustace C. Fitz.

Town Planning Board—3 Years

Conant W. Ruth

Philip A. Bruorton

Weighers of Coal

That they be appointed by the Selectmen and not by the Town Meeting.

Measurers of Wood and Bark

We recommend that the number to be appointed be 18, and the Selectmen be given the power to appoint same.

Fence Viewers

Harvey S. Parker, Van B. Staples, Cornelius Donovan.

Field Drivers

Henry N. Oliver, Carroll Robie, Palmer Corbett.

Article 11

Voted: That Article 11 be taken from table.

On Motion of Finance Committee.

Voted: That subject matter of this article be indefinitely postponed.

Article 21

To see if the town will authorize the Selectmen to sell the old Montrose schoolhouse and lot, or what they will do about it.

On Motion of E. F. Preston.

Voted: That subject matter of this article be referred to a committee of three to report at the next town meeting.

Articles 12, 13 and 14

On Motion of J. J. Round.

Voted: That Articles 12, 13 and 14 be taken from table.

Article 12

Voted: That subject matter of Article 12 be indefinitely postponed.

Article 13

Motion by J. J. Round.

That the Town authorize the High School Building Committee to begin work on the new High School at a date not later than March 30, 1920. Motion lost. "Yes" 87, "No" 122.

Motion by J. J. Round.

Voted: That the vote just taken under Article 13 be reconsidered.

The motion by Mr. Round then being before the meeting, a substitute

motion by M. E. S. Clemons which was accepted by Mr. Round as follows:

Voted: That the time within which work may be started on the new High School Building be extended to March 30, 1920.

Article 14

Voted: That the subject matter of this article be indefinitely postponed.

Article 4

On Motion of H. E. Clemons,

Voted: That article 4 be taken up.

On Motion of J. A. Meloney.

Voted: That the Town raise and appropriate the sum of Forty-five Hundred Dollars (\$4,500) in addition to the sum already raised and appropriated for School Department, for the purpose of making an additional increase of Fifty Dollars (\$50) to the amount voted at the last meeting, for Teachers' Salaries.

Motion by J. J. Round.

That the sum of \$400 be raised and appropriated and same be added to the school appropriation for State aided vocational education said amount to be expended for agricultural purposes only.

This motion was laid on table and referred to Finance Committee under By-Laws.

Article 22

To see if the town will vote to name the new schoolhouse in Montrose "The Robert F. Baker School."

On Motion of J. R. Lunt.

Voted: That this article be laid upon the table.

Article 23

To see if the town will raise and appropriate one thousand dollars for making a drive from Wharton Park to the school lot, and for clearing and grading the lot.

On Motion of Finance Committee.

Voted: That the town raise and appropriate the sum of \$200 for the purpose of constructing a tar concrete walk from Lowell Street to Montrose School Building to be expended under the direction of the School Committee.

Article 24

To see if the town will instruct the Municipal Light Department to install two street lights on Broadway, one at the corner of Broadway and Foundry Street, the other near the Water Department pumping station, and raise and appropriate a sufficient sum of money to cover the expense of same.

On Motion of Finance Committee.

Voted: That the subject matter of Article 24 be referred to the Municipal Light Department for action.

Article 25

To see if the town will vote to place electric lights on Wakefield Avenue, and that the Light Commissioners be directed to carry out any action taken under this article.

On Motion of Finance Committee.

Voted: That the subject matter of Article 25 be referred to the Municipal Light Department for action.

Article 26

To see if the town will vote to instruct the Municipal Light Board to install one light on Cyrus Street on the pole previously erected, or what they will do about it.

On Motion of Finance Committee.

Voted: That the Town instruct the Municipal Light Department to install a street light on the private way known as Cyrus Street as called for in Article 26.

Article 27

To see if the town will vote to instruct the Municipal Light Board to install a light on Lakeside Avenue, on a pole already existing and about 200 feet from North Avenue.

On Motion of Finance Committee.

Voted: That the subject matter of Article 27 be referred to Municipal Light Department for action.

Article 28

To see if the Town will appoint a committee of five to consist of the Chairman of the Finance Committee, the Chairman of the Board of Selectmen, the Town Counsel, the Chairman of the Board of Assessors and the Chairman of the Municipal Light Plant, for the purpose of investigating the advisability of the sale of the Municipal Light Plant, with power to examine all books and records of the plant and report at the next annual town meeting, and raise and appropriate the sum of \$500 for the expenses to be used if necessary in the investigation.

On Motion of Finance Committee.

Voted: That the Town appoint a committee as called for in Article 28 and raise and appropriate the sum of \$500 for the purpose called for in said article.

Article 29

To see if the Town will raise and appropriate the sum of \$250 for H. M. Warren Post 12, G. A. R., to use in their observance of Memorial Day, May 30th, 1919.

On Motion of Finance Committee.

Voted: That the Town raise and appropriate the sum of \$250 for purpose called for in Article 29.

Article 30

To see if the town will raise and appropriate the sum of \$100 for Memorial Day purposes, for the use of the United Spanish War Veterans, or what they will do about it.

On Motion of Finance Committee.

Voted: That the Town raise and appropriate the sum of \$100 for the purpose called for in Article 30.

Article 31

To see if the town will raise and appropriate the sum of \$600 for a municipal celebration July 4th, 1919, or what they will do about it.

On Motion of Finance Committee.

Voted: That the Town raise and appropriate the sum of \$600 for the purposes called for in Article 31, and that a committee of five be appointed by the Moderator.

Article 32

To see if the inhabitants of the town of Wakefield will vote to make application to the General Court of Massachusetts to erect and constitute in said town of Wakefield, a city government; determine the form thereof which they will recommend for incorporation in a city charter; appoint a committee in relation thereto; raise and appropriate money for the use of such committee and take any other proper action in relation thereto.

After a short discussion,

On Motion of Finance Committee.

Voted: To indefinitely postpone any action under this Article.

Article 33

To see if the Town will accept the bequest of \$100 left by Sarah Burbank and from Mary Stimpson of \$200 for the perpetual care of the Burbank lot in Forest Glade Cemetery, and of the Stimpson lot in the Old Cemetery, respectively.

On Motion of M. E. Clemons.

Voted: That the Town accept the bequest of \$100 left by Sarah Burbank and from Mary Stimpson of \$200 for the perpetual care of the Burbank Lot in Forest Glade Cemetery, and of the Stimpson Lot in the Old Cemetery, respectively.

Article 34

To see if the town will appoint a committee to consider an appropriate memorial, in honor of Wakefield's enlisted men engaged in the world's war, and report at a future meeting.

On Motion by H. M. Dolbeare.

Voted: That the Moderator appoint a committee of eleven to consider the subject matter of this article, said committee to report at a future town meeting.

Article 35

To see if the Town will appoint a committee to consider the advisability of preparing and publishing a history of the town of Wakefield, especially with reference to Wakefield's part in the world war, and report at a future meeting.

On Motion by H. M. Dolbeare.

Voted: That the Moderator appoint a committee of eleven to consider the subject matter of this article, said committee to report at a future meeting.

Article 36

To see if the Town will instruct the Board of Selectmen to petition the Commissioners on Fisheries and Game to stock Lake Quannapowitt with food fish as provided in Chap. 285 of the Acts of 1911.

On Motion of Loring P. Jordan.

Voted: That the Town instruct the Board of Selectmen to petition the Commissioners on Fisheries and Game to stock Lake Quannapowitt with food fish as provided in Chapter 285 of the Acts of 1911.

On Motion of S. K. Hamilton.

Voted: That time of adjournment of this meeting be extended fifteen minutes.

Article 37

To see if the town will appropriate the sum of \$100 or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in co-operation with the County Agricultural Trustees of the Middlesex County Beaureau of Agriculture and Home Economics under the provisions of Chapter 273, General Acts of 1918.

On Motion of Finance Committee.

Voted: That the Town raise and appropriate the sum of \$100 for the purposes called for in the article.

Article 38

To see if the town will authorize and instruct the Board of Selectmen to remove the barn on the Wakefield estate to land owned by the town on North Avenue near the brook, and will raise and appropriate the sum of \$1,500 for this purpose, and further authorize the Board of Selectmen to take from the Highway appropriation such amount as may be necessary to complete this work should this appropriation not be sufficient.

On Motion of Finance Committee.

Voted: That subject matter of this article be indefinitely postponed.

Article 39

To see if the town will authorize the Board of Selectmen to remove the piano now in the Wakefield Mansion to the town hall, and will raise and appropriate sufficient money to put it in proper condition for use or what they will do about it.

Voted: That the Board of Selectmen be authorized to remove the piano now in the Wakefield Mansion to the town hall.

Article 40

To see if the Town will vote to purchase a new piece of motor apparatus to be used by the Volunteer Hose Company, and raise and appropriate money for the same.

Voted: To indefinitely postpone, action having been taken under Article 4.

Article 41

To hear and act upon the report of the Committee appointed under Article 23 of the annual warrant of 1918, in relation to the purchase of land around Crystal Lake, for the preservation of its water supply.

Mr. C. H. Learoyd reported for the committee.

On Motion of Dr. Montague,

Voted: That report of the Committee be accepted.

Article 42

To see if the town will authorize the Park Commissioners to improve under the direction of the Board of Selectmen, the unused spaces at the intersection of Main and Lowell Streets, and at the intersection of Salem and Lowell Streets, or what they will do about it.

Voted: To indefinitely postpone.

Voted: That this meeting be dissolved.

Adjourned at 10:15. Attendance 300.

COMMITTEE APPOINTMENTS

Article 16. Committee: Willis C. Robbins, Chairman. William B. Atwell, Salvatore Guarnaccia, Ida Farr Miller, Allison H. McKenzie, J. Lowe McMahon, Charles E. Montague, M. D., Percy E. Nute, Forrest A. Seavey.

Article 21. Committee: Edward F. Preston, J. Richard Lunt, Samuel T. Parker.

Article 34. Harry I. Thayer, Chairman. John H. Beebe, William H. Cartland, Capt. Edward J. Connelly, Hubbard B. Mansfield, Mrs. Eva Gowing Ripley, John J. Round, Mrs. Etta Fish Tingley, Charles E. Walton, Mrs. Mary E. Walton, Charles N. Winship.

Committee appointed under Article 35: Ashton H. Thayer, Chairman. Gardner E. Campbell, Harry E. Clemons, A. Leon Cutler, Riberot Dutton, H. Gertrude Lee, John A. Meloney, John H. McMahon, Michael F. Roach, Edson W. White, Carrie I. Wiley.

Owing to the death of Mr. Ashton H. Thayer, the Moderator appointed Samuel K. Hamilton as Chairman of the above committee. The resignation of Mr. G. E. Campbell having been received, the Moderator appointed Miss Alice Jones in his place.

Committee appointed under Article 31: H. A. Simonds, J. Lowe McMahon, Edward F. Preston, Daniel H. Reagan, William H. Sullivan.

TOWN MEETING JUNE 9, 1919

Meeting called to order at 7:35 o'clock P. M., by Moderator Eaton, who read the call for meeting.

On Motion of J. J. Round.

Voted: That the reading of the balance of the warrant with the exception of the Constables' Return be waived. Constables' Return then read.

Article 1

To hear and act upon a report of the High School Building Committee.

Mr. Atwell reported for the committee.

On Motion of Mr. M. Lowe,

Voted: That report of committee be accepted as a report of proress.

Article 2

To see if the town will authorize the High School Building Committee to expend \$220,000, in addition to the \$280,000, heretofore appropriated for the building and equipment of the new High School.—John J. Round and others.

Motion by Finance Committee.

That the Town authorize the High School Building Committee to expend \$170,000, in addition to the \$280,000, heretofore appropriated for the building and equipment of a High School.

Motion by S. T. Parker.

That the subject matter of this article be referred to a committee of five to be appointed by the Chair to report at the Fall meeting.

After a discussion lasting until 10 o'clock the motion to refer by Mr. Parker was voted on and lost. "Yes" 136, "No" 147.

The motion by Finance Committee was voted on and lost.

Voted: That this meeting stand adjourned until Tuesday, June 10, at 7:30 o'clock P. M.

Attendance 400.

ADJOURNED TOWN MEETING, JUNE 10, 1919

Meeting called to order at 7:40 o'clock P. M., by Moderator Eaton, Article 2 being in order.

Article 2

A Motion by S. T. Parker to indefinitely postpone was lost.

Article 2. To see if the Town will authorize the High School Building Committee to expend \$220,000, in addition to the \$280,000 heretofore appropriated for the building and equipment of the new High School.

Article 3. To see if the town will appropriate the sum of \$220,000 for the purpose designated in the next preceding article, and raise \$5,000 thereof by taxation during the current year, or what they will do about it.

Article 4. To see what sum of money the town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow to provide money with which to build and equip the New High School, and to issue bonds, notes or scrip of the town therefor.

On Motion of M. E. S. Clemons.

Voted: That Articles 2, 3 and 4 be taken up jointly.

On Motion of W. V. Taylor.

Voted: That the Town raise and appropriate the sum of \$5,000 for the purpose of dismissing and paying the present Architect and securing plans, specifications and bids from other Architects.

A Motion by Mr. E. E. Lee.

That the town authorize the committee to expend an additional sum not exceeding \$170,000, was declared not in order by the Moderator.

On Motion of S. W. Tyler.

Voted: That the question of the amount to be expended be left to the judgment of the committee.

Article 5

To see if the town will vote to change the time when the bonds authorized for building the New High School under Article 23 of the warrant for the town meeting called for March 12th, 1917, shall be payable, or what they will do about it.

Voted: That subject matter of this article be indefinitely postponed.

Article 6

To see if the Town will authorize and instruct the Board of Selectmen to remove the barn on the Wakefield Estate, to land owned by the town on North Avenue near the brook, and raise and appropriate the sum of \$1,500 for this purpose, and further authorize the Board of Selectmen to take from the Highway appropriation such amount as may be necessary to complete this work should this appropriation not be sufficient.

Voted: That the subject matter of this article be indefinitely postponed.

Article 7

Article 7. To see if the town will vote to raise and appropriate a sum of money in addition to that appropriated under Article 17 of the warrant for the annual meeting called for and held March 10th, 1919, for the erection and furnishing of a schoolhouse in the Woodville District.—Willis C. Robbins and others.

Article 8. To see if the Town will vote to issue bonds, notes or scrip to provide such amount as may be voted under the preceding article for the purpose named therein, or what they will do about it.

A motion by Finance Committee to indefinitely postpone was lost.

On Motion by W. C. Robbins,

Voted: That Articles 7 and 8 be taken up jointly.

On Motion by W. C. Robbins.

Voted: That the sum of \$15,000 is hereby appropriated in addition to the amount heretofore appropriated for the erection of a Schoolhouse and the furnishing thereof in the Woodville District as authorized under Article 16 of the Warrant for the Town Meeting of March 10, 1919, and that the Treasurer be and is hereby authorized with the approval of the Selectmen, to issue bonds or notes of the Town not to exceed the aggregate sum of \$15,000; said bonds or notes to be payable \$1,000 in each of the years 1920 to 1934 inclusive, and all of said bonds or notes to bear interest payable semi-annually; all particulars as to date, interest, form, issuance and sale of said bonds or notes to be determined by the Treasurer with the approval of the Selectmen.

Affirmative 185.

Negative 15.

Article 9

Article 9. To hear and act upon the report of the Committee appointed under Article 21 of the annual warrant of March 10th, 1919, in relation to selling the Old Montrose schoolhouse and lot.

Mr. S. T. Parker reported for the committee.

No action being taken by the Town Article 10 was taken up.

Article 10

Article 10. To see if the Town will raise and appropriate a sufficient sum of money, to carry out any vote the town may take under the preceding article.

A Motion by the Finance Committee to indefinitely postpone was lost.

Motion by Edward F. Preston.

That the town raise and appropriate the sum of \$850 to carry out the recommendations of the committee.

Article 9

On Motion of F. J. Henkel.

Voted: That Article 9 be taken up.

Voted: That report of committee be accepted and adopted.

The Motion of Mr. Preston was then put to vote and declared not carried.

On Motion of J. R. Reid.

Voted: That the subject matter of this article be referred to the Board of Selectmen with authority to sell the building and lot.

Article 11

Article 11. To hear and act upon the report of the ommittee appointed under Article 35 of the warrant of March 10th, 1919, in relation to a Military History of the Town of Wakefield, and to raise and appropriate a sufficient sum of money to carry out any vote the town may take under this article.

Motion by Finance Committee.

That the part of this article relating to raising and appropriating money be indefinitely postponed.

Mr. J. A. Meloney then reported for the committee.

On Motion of Mr. W. F. Bowman.

Voted: That report of committee be accepted and adopted.

On Motion of W. F. Bowman.

Voted: That same committee be instructed to continue their work and report at the next town meeting.

The motion of Finance Committee to indefinitely postpone was lost.

On Motion of J. A. Meloney.

Voted: That the Town raise and appropriate the sum of \$2,000 to carry out recommendations of committee.

Articles 12, 13, 14 and 15

Article 12. To see if the Town will vote to obtain its water supply from the Metropolitan Water Works and authorize the town Water and Sewerage Board to make application therefor.

Article 13. To see if the Town will raise and appropriate a sufficient sum of money to pay the initial charge for becoming a part of the Metropolitan Water System, and authorize the Town Treasurer to borrow for the town such sum of money as it may vote for such initial charge, and issue the bonds, notes or scrip of the town, with the approval of the Selectmen therefor.

Article 14. To see if the Town will raise and appropriate a sum of money for the Water and Sewer Department, to pay for any water or water rates or rental which may become due in the current year in case the town votes to obtain its water supply from the Metropolitan Water Works.

Article 15. To see if the Town will authorize the Water and Sewer Board to acquire a sufficient lot of land, and to construct thereon filter beds for filtering the water from Crystal Lake, and raise and appropriate a sufficient sum of money therefor, and authorize the Treasurer to borrow for the town such sum of money as it may vote for acquiring said lot of land, and constructing said filter beds, and issue the bonds, notes and scrip of the town, with the approval of the Selectmen therefor.

After a short discussion,

On Motion of Mr. T. G. O'Connell.

Voted: That Articles 12, 13, 14 and 15 be taken up jointly.

On Motion of M. J. Lowe.

Voted: That a committee of seven be appointed, three of whom shall be members of the Water Board to consider the subject matter of the entire Water question and report at the next town meeting.

At 10:25 it was voted: That this meeting be dissolved.

Attendance, 275.

TOWN MEETING, OCTOBER 20, 1919

Meeting called to order at 7:40 P. M. by Town Clerk Hartshorne, who, in the absence of the Moderator, read call for meeting.

On Motion of F. H. Emerson,

Voted: That the reading of the remainder of the warrant, with the exception of the Constables return, be omitted. Constables return read.

Announcement of absence of Moderator, made by Clerk.

On Motion of J. A. Meloney,

Voted: That the meeting proceed to the election of a Moderator pro tem.

The name of Maynard E. S. Clemons was placed in nomination by Mr. Meloney, and no other names being offered, the meeting proceeded to ballot. Maynard E. S. Clemons received three ballots, and no other being cast he was declared elected Moderator pro tem, and was sworn in to office by the Clerk.

Article 1

To see if the Town will authorize the Water Department to expend twelve thousand dollars to relay the mains and services in Albion Street, from Main Street to North Avenue, preparatory to the resurfacing of the street by the Highway Department in 1920.

A Motion by the Finance Committee to indefinitely postpone was lost.

On Motion of J. J. Round,

Voted: That the subject matter of this article be referred back to the Finance Committee with instruction to confer with the Water Board, and report at the first adjournment of this meeting, or the next town meeting the amount necessary to spend on the water and sewer main and connections of Albion Street to put them in condition so that a new pavement may be laid with a reasonable likelihood of its not being necessary to take it up at frequent intervals for repairs.

Affirmative 157.

Negative 34

Article 2

To see if the town will raise and appropriate the sum of twelve thousand dollars for the purpose outlined in the preceding article, or to see if the Treasurer, with the approval of the Selectmen, will issue bonds, notes or scrip, etc.

On Motion of F. J. Henkel,

Voted: That article 2 be laid upon the table until the report of the Finance Committee be received.

Articles 18 to 21 inclusive

On Motion of J. J. Round.

Voted: That the meeting take up Articles 18, 19, 20, 21.

Affirmative 80. Negative 2.

Article 18

To hear and act upon a report of the High School Building Committee.

Mr. Willard B. Atwell offered a report of the High School Building Committee as a report of progress, and read the same.

On Motion by W. F. Bowman.

That the town accept and adopt the report of the committee.

Motion by S. K. Hamilton.

That all action under this article be indefinitely postponed.

Motion by J. C. Hartshorne.

To postpone action under this article to an uncertain date was withdrawn.

No objection being made by the meeting, Mr. Bowman withdrew the words "and adopt" from his motion, making the same read, "That the town accept the report of the committee."

The motion to indefinitely postpone by Mr. Hamilton was also withdrawn. The report of committee as moved by Mr. Bowman was then accepted by a unanimous vote.

Article 19

To see if the Town will authorize the High School Building Committee to expend a sum of money not exceeding \$450,000 for the erection, equipment, etc., of a new High School Building.

On Motion of George A. Cowdrey.

Voted: That the Town authorize the High School Building Committee to expend a sum of money not exceeding \$450,000 for the erection, equipment, etc., of a new High School Building.

Article 20

To see if the Town will appropriate the amount authorized in the preceding article and authorize the Town Treasurer, with the approval of the Selectmen, to borrow said amount for the town, and issue the bonds, notes or scrip of the town therefor. Also to see what action, if any, the town will take regarding the vote of the town on Article 23 of warrant of March 12th, 1917, whereby the issue of bonds was authorized for the building of a High School.

On Motion of J. J. Round.

Voted: That the sum of \$450,000 is hereby appropriated for the construction and equipment of a new high school building, and grading the surroundings thereof on the high school lot on Main Street adjoining the State Armory, and that the Town Treasurer be and hereby is author-

ized with the approval of the Selectmen to borrow for the town and issue its notes or bonds to an amount not exceeding \$450,000, \$300,000 of which shall be issued under authority of Chapter 123 of the Special Acts of 1919, all of said notes or bonds to be payable as follows: \$22,500 in each of the twenty years next succeeding their issue, all of said bonds to bear interest payable semi-annually; all particulars as to date, form, issuance and sale of said notes or bonds to be determined by the Town Treasurer with the approval of the Selectmen, and that the vote under Article 23 of the warrant for the meeting called for March 12, 1917, authorizing an issue of bonds be and hereby is rescinded.

Affirmative 192. Negative 54.

Article 21

Article 21. To see if the Town will vote to change the time when the bonds authorized for building the New High School under Article 23 of the warrant for the town meeting called for March 12th, 1917, shall be payable, or what they will do about it.

No action taken under Article 21.

On Motion of W. V. Taylor.

Voted: That this meeting stand adjourned to Wednesday, October 22, at 7:30 o'clock P. M.

Adjourned at 10:50.

Attendance 350.

ADJOURNED TOWN MEETING October 22, 1919

Meeting called to order at 7:45 o'clock P. M. by Moderator Clemons.

Article 1

Voted: That the Finance Committee be granted further time in which to report under Article 1.

Article 3

To see if the town will instruct the Board of Light Commissioners to install a street light on Byron Street, at or near No. 11, or what they will do about it.

On Motion of Finance Committee.

Voted: That the Board of Light Commissioners be and hereby are instructed to install a street light on Byron Street as called for in Article 3, cost of same to be taken from depreciation fund.

Article 4

To see if the town will vote to instruct the Municipal Light Board to extend the gas mains from Parker Road to and into the private way known as Davidson Road, or what they will do about it.

Voted: That the Light Board be and hereby are instructed to extend at such time as it deems proper the gas mains from Parker Road into the private way known as Davidson Road as called for in Article 4, the cost of same to be taken from depreciation fund.

Article 5

To see if the town will instruct the Municipal Light Board to extend the electric service to and into Davidson Road, and install electric lights therein, or what they will do about it.

Voted: The Municipal Light Board be and hereby are instructed to extend at such time as it deems proper the electric light service to and in Davidson Road and to install electric lights therein as called for in Article 5, the cost of same to be taken from depreciation fund.

Article 6

To see if the town will vote to instruct the Municipal Light Board to extend the gas main from Harrison Street, Greenwood, through Essex Street for about 400 ft., or what they will do about it.

Voted: That the Municipal Light Board be and hereby is instructed to extend at such time as it deems proper the gas mains from Harrison Street, Greenwood, through Essex Street, as called for in Article 6, the cost of same to be taken from depreciation fund.

Article 7

To see if the town will vote to require certain hawkers and pedlers of fish, fruit and vegetables to be licensed, and fix the fee therefor.

On Motion of Loring Jordan.

Voted: That the subject matter of this article be indefinitely postponed.

Article 8

To see if the town will adopt in substance the following as an amendment to the town by-laws, "Article VIII, Section 16: No person shall hawk or peddle fish, fruit or vegetables within the limits of the town of Wakefield, except as authorized by law, without first obtaining a license so to do from the Selectmen upon payment of a fee of five dollars."

On Motion of Loring Jordan.

Voted: That the Town adopt as an amendment to the town by-laws, "Article 8, Section 16: No person shall hawk or peddle fish, fruit or vegetables within the limits of the town of Wakefield, except as authorized by law, without first obtaining a license so to do from the Selectmen upon payment of a fee of five dollars."

Article 9

To see if the town will vote to accept deeds of the premises on Main Street and Avon Street, including the land formerly of Edward Mansfield, now standing in the name of Arthur L. Evans, the land formerly of Cush-

ing, now standing in the name of Evans, and the land now of Mrs. Hickok, the same to be used as a site for a library building for the use of the people of Wakefield, the purchase price of these premises having been raised by the Library Site Committee from contributions from twelve hundred citizens of the town.

On Motion of Arthur L. Evans.

Voted: That the Town authorize the acceptance of deeds of the premises mentioned in the article with the understanding that the Town will erect a library building on this land for the use of the people of Wakefield.

Article 10

To see if the town will accept a gift of sixty-five thousand dollars with its accumulations which has been deposited in the Wakefield Trust Company by the family of Lucius Beebe, the same to be used by the town for the purpose of erecting a library building for the use of the town to be known as the Beebe Public Library.

On Motion of H. M. Dolbeare.

Voted: That the Town authorize the acceptance of the gift of sixty-five thousand dollars with its accumulations which has been deposited in the Wakefield Trust Company by the family of Lucius Beebe, and that this money shall be used by the Town for the purpose of erecting a library building for the use of the Town to be known as the Beebe Public Library.

RESOLUTION

With the consent of the meeting Mr. J. Lowe McMahon offered the following resolution, which was unanimously adopted:

The Town of Wakefield, having accepted at this meeting the gift of \$65,000 from the family of the late Lucius Beebe, for the purpose of erecting a Library Building to be known as the Beebe Public Library, expresses hereby, through its legal voters assembled, its grateful appreciation of the generous offer, and records with genuine gratification the public spirit that has prompted the gift, and extends to Mr. Junius Beebe and other representatives of the Beebe family the sincere thanks of the citizens of the Town of Wakefield.

Article 11

To see if the town will choose a committee who shall be authorized to procure plans and to enter into contracts for the erection of a library building on the land at the corner of Main Street and Avon Street, to be known as the Beebe Public Library and to bear that inscription, the cost of which shall not exceed the amount deposited by the family of Lucius Beebe as a Library Building Fund in the Wakefield Trust Company plus any accumulations thereon or additions thereto, and to see if the town

will authorize the committee to expend said fund for the purposes stated in this article.

On Motion of H. M. Dolbeare.

Voted: That a committee of twelve be appointed by the Moderator who shall be authorized to procure plans and contracts for the erection of a library building on the land at the corner of Main and Avon Streets to be known as the Beebe Public Library with that inscription, the cost of which shall not exceed the amount deposited by the family of Lucius Beebe as a Library Building Fund in the Wakefield Trust Company plus any accumulations thereon or additions thereto, and that this committee shall be authorized to expend said fund for the purpose of erecting a library building as stated in this article.

Article 12

To see what action the Town wishes to take in reference to the discontinuance of the trolley service on the Wakefield Park—Montrose line, as set forth in notice to Selectmen by the Trustees of the Eastern Massachusetts Street Railway Co., under date of Oct. 6th, 1919.

On Motion of W. E. Eaton.

Voted: That the Town appoint a committee of three, to confer with the trustees of the Eastern Massachusetts Street Railway Company on the subject matter of this article and report at an adjournment of this meeting or the next town meeting.

Article 13

To see if the Town will vote to increase the pay of the permanent members of the Fire Department, including the chief, thereof by the sum of fifty cents per day, and vote to provide the money therefor or what they will do about it.

On Motion of Finance Committee.

Voted: That the pay of the permanent members of the Fire Department, including the Chief, be and hereby is increased by the sum of fifty cents a day from and after November 1st, 1919, and that a sufficient sum of money be transferred from the general appropriation account of the Fire Department to the chief's salary account to take care of the increased salary of the chief for the balance of the year.

Article 14

To see if the Town will vote to increase the pay of the regular members of the Police Department including the chief, thereof by the sum of fifty cents per day, and vote to provide the money therefor, or what they will do about it.

On Motion of Finance Committee.

Voted: That the subject matter in Article 14 be referred to the Selectmen for action and that there be transferred from the general appro-

priation account of the Police Department to the Chief's salary account a sum sufficient to take care of any increase that may be granted by the Selectmen.

Amendment by J. A. Meloney.

That the compensation of the regular and permanent men of Police Department, including the chief, be increased by fifty cents per day per man from November 1, 1919, and that a sufficient sum of money be transferred from the general appropriation account of the Police Department to the chief's salary account to take care of the increased salary of the Chief for the balance of the year.

Amendment was voted in the affirmative and the original motion as amended was then voted.

Article 15

To see if the town will accept a deed of the following described lot of land, bounded westerly by Main Street 210 feet, northerly by Richardson Street 78 feet, easterly by land of the Boston & Maine R. R. 200 feet, southerly by Bennett Street about 25 feet, and direct the same be placed under the charge of the Park and Cemetery Commissioners.

On Motion of W. S. Goodwin.

Voted: That the Town accept a deed of the following described lot of land, bounded westerly by Main Street 210 feet, northerly by Richardson Street 78 feet, easterly by land of the Boston & Maine R. R. 200 feet, southerly by Bennett Street about 25 feet, and direct the same be placed under the charge of the Park and Cemetery Commissioners.

Article 16

To see if the Town will place a screen at the outlet of Lake Quannapowitt, and appropriate enough money to pay for the same and appoint a committee to do the work.

On Motion of Finance Committee.

Voted: That the subject matter of this article be referred to the Selectmen.

Article 17

To see if the town will vote to discontinue the construction of the new schoolhouse now being built on Farm Street, and direct the Committee to build said school in another location, and determine the new location.

Voted: That the subject matter of this article be indefinitely postponed.

Article 22

To see if the Town will authorize and instruct the Board of Selectmen to remove the barn on the Wakefield Estate, to land owned by the

town on North Avenue, near the brook, and further authorize the Board of Selectmen to take from the Highway appropriation such amount as may be necessary to complete this work.

On Motion of Finance Committee.

Voted: That the Town authorize and instruct the Board of Selectmen to remove the barn on the Wakefield estate to land owned by the town on North Avenue, near the brook, and further authorize the Board of Selectmen to take from the highway appropriation such amount as may be necessary to complete this work.

TOWN MEETING, NOVEMBER 24, 1919

In the absence of the Moderator, the meeting was called to order, at 7:40 P. M., by Town Clerk Hartshorne, who read the call for the meeting.

On Motion of John J. Round.

Voted: That further reading of the warrant, with the exception of the Constable's return, be omitted.

Constable's return read.

On Motion of J. A. Meloney.

Voted: That the meeting proceed to the election of a Moderator pro tem.

The name of Maynard E. S. Clemons was placed in nomination by Mr. Meloney, and no other names being offered, the meeting proceeded to ballot. Total number of votes cast three, Maynard E. S. Clemons received three votes, and was declared elected Moderator pro tem, and was sworn in to office by the Town Clerk.

Article 1

To hear and act upon the report of the Committee appointed under Article 12 of the warrant for the town meeting called October 20th, 1919 relating to discontinuing the Wakefield Park-Montrose line of the Eastern Massachusetts Street Railway Company.

Mr. William E. Eaton read the report as made by the committee appointed under Article 12 of the warrant for the town meeting of October 20, 1919.

On Motion of S. K. Hamilton.

Voted: That report of committee be accepted.

Article 2

To see if the Town will vote to authorize the Selectmen for the purpose of avoiding discontinuance of the Wakefield Park-Montrose line by the Eastern Massachusetts Street Railway Company, to enter into an agreement with the Public Trustees of said Street Railway Company, under the provisions of Section 15 of Chapter 188 of the Special Acts of 1918, and any amendments thereto, to the cost of service of said street railway company, the sum not to exceed thirty-four hundred dollars, or what they will do about it.

Mr. Taylor reported for the Finance Committee that indefinite postponement was recommended.

Motion by Mr. Jordan for Finance Committee that the subject matter of Article 2 be indefinitely postponed.

A motion by Mr. Eaton was not entertained by the Moderator until motion to indefinitely postpone was disposed of. By unanimous consent the meeting allowed the reading by the Moderator of a communication from the Montrose Civic Association.

The voters present being unable to obtain seats upon the floor of the hall, the Moderator ordered the front balcony cleared of spectators. Even with this additional space, there still remained over one hundred voters standing upon the floor of the hall.

A lengthy discussion of the Street Railway situation followed in which Messrs. W. E. Eaton, Philip Bruerton, Willis C. Robbins, Harry E. Clemons, Cadigan, R. G. Whittet, W. P. Shepard, Perley E. Walton, C. S. Crabiel, W. F. Bowman, J. F. Price, Murkland, E. W. Wilder, E. E. Lee, J. R. Reid, W. V. Taylor, J. J. Round, Austin Rice, E. L. Brown, I. R. Phipps, A. J. Covell, Loring Jordan, all participated. Mr. Selden Tyler moved the previous question, which being voted in the affirmative, the question of indefinite postponement was then voted upon as follows: Affirmative 423, Negative 271.

On Motion of S. K. Hamilton,

Voted: That this meeting stand adjourned to Monday evening, December 1, at 7:30 o'clock.

Adjourned 10:25 P. M. Attendance 800.

ADJOURNED TOWN MEETING, DECEMBER 1, 1919.

Meeting called to order at 7:45 o'clock by Moderator Clemons.

Article 2

Motion by William E. Eaton,

That the town re-consider its action under Article 2 in warrant for this meeting under which it was voted to indefinitely postpone action on said article.

A motion to have the vote taken by a standing vote was lost. The motion to reconsider was lost. "Yes" 187, "No" 299.

Article 3

To see if the town will accept the provisions of Chap. 293, Acts 1916, being an act authorizing the licensing of motor vehicles carrying passengers for hire.

On Motion by J. J. Round,

Voted: That the subject matter of this article be indefinitely postponed.

Article 4

To see if the town will instruct the High School Building Committee to carry out its recommendations to the town in the report submitted at the last town meeting, and instruct the said Building Committee to employ Frank Irving Cooper Corporation as architect in the construction of the new High School Building.

Motion by J. J. Round that the subject matter of this article be indefinitely postponed.

After a discussion which lasted from 8:10 to 9:50 and which was participated in by Messrs. S. K. Hamilton, H. E. Clemons, J. J. Round, W. P. Shepard, F. J. Henkel, C. N. Winship, J. R. Lunt, and E. E. Lee, the previous question was moved by W. V. Taylor, and being voted in the affirmative the motion to indefinitely postpone was put and declared carried in the affirmative.

Voted: That this meeting be dissolved.

Adjourned at 10 o'clock.

Attendance 550.

A true record attest:

FREDC. S. HARTSHORNE,
TOWN CLERK.

Report of Selectmen

To the Citizens of the Town of Wakefield:—

We herewith respectfully submit the annual report of the Board of Selectmen for the year ending December 31, 1919, together with the reports of the several departments under its control or supervision.

CIRCUS LICENSES

Lowandes, Irwin Bros., Merry-Go-Round.

22 Victuallers licenses were granted.

This year the membership of the Board of Selectmen was unchanged and practically every appointee of our board had served the town before in the same capacity. The result has been that town business has run very smoothly.

The Board has spent much time on matters that did not actually pertain to town government, but where the welfare of the town seemed to be concerned. We have tried to secure better Street Railway accommodation as well as better Steam Railroad service. We have made more or less successful efforts to obtain a fair share of the State Highway money and have interested ourselves in sugar distribution, the sale of government supplies, and numerous other matters. Of the actual business of the town it is not necessary to speak here, as it is fully covered in the reports of the various departments.

We have endeavored to make our report as brief as possible, but we desire in closing to express our appreciation of the help given us by many citizens and town officials and most particularly to thank our clerk, Mr. H. A. Simonds, whose unusual knowledge of town affairs has been of very great help to the Board.

Respectfully submitted

Report of Chief of Fire Department

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit the Annual Report of the Fire Department for the year ending December 31, 1919. with the total alarms, together with their losses and insurance upon same as near as possible to obtain.

APPARATUS

The number of pieces of apparatus remains the same as last year and is as follows:—1 Triple Combination, built by the Webb Co., of St. Louis, put into service October, 1912. The pump has a capacity of delivering 600 gallons of water per minute ; carries 1,100 ft. of hose 1 Chemical tank, together with such other equipment necessary.

One Auto Ladder Truck, carrying 310 ft. of ladders, 1 chemical tank and such other equipment necessary. Made by the Peerless Motor Co. Put into service September 1914. Also carries 500 ft. of hose and an oxygen tank for resitastion work.

Greenwood Auto made by the Peerless Motor Co., put into service in 1914. Carrying 800 ft. of hose and 1 chemical tank.

Volunteer Hose Auto, made by the Columbia Motor Co., put into service June 1908, carrying 700 ft. At the present time there is a six cylinder White, combination Auto under construction at the Central Fire Station which is nearly completed. The body for this machine is being built and painted by the permanent men and when finished will carry 1,200 ft. of hydrant hose; 1 35-gallon chemical tank with 250 ft. of chemical hose; 2 pony extinguishers, axes, 1 20-ft. extension ladder and 1 10-ft. roof ladder, and such other accessories as is needed to make an up-to-date piece of fire fighting apparatus. The motor of this machine is a six cylinder motor built by the White Co. and has a bore and stroke of $4\frac{1}{4} \times 5\frac{3}{4}$ developing 60 H. P. Motor is cast en bloc. Tires are of the pneumatic cord type on demountable rims, size 35x5 with an extra rim and tire complete. Machine is equipped with 1 powerful electric searchlight, 2 electric headlights, 2 side lights, 1 tail light, all of which are lighted from a storage battery.

One Auto Squad Wagon made by the Peerless Motor Co. Put into service in 1914.

Montrose Hose, (Horse drawn) made by the Abbott Downing Co. Put into service in 1893, Carries 800 ft. of hose.

There is in reserve, two steam fire engines, both in good condition. The Silsby engine put into service in 1882. Amoskeag engine put in service in 1907.

CHARLES CLASSON

CAPT GREENWOOD HOSE COMPANY

JOINED THE DEPARTMENT.....1891

APPOINT'D 2nd LIEUT.....May 7, 1894

APPOINT'D 1st LIEUT.....Jan. 1, 1900

APPOINT'D CAPT.....Mar. 9, 1904

DIED MARCH 17, 1919

IN THE DEATH OF CAPT. CLASSON THE DEPARTMENT HAS LOST A MOST VALUABLE MEMBER AND HIS RECORD WILL ALWAYS REMAIN A MONUMENT TO HIS MEMORY

CONCLUSION

In closing this report I wish to return my sincere thanks to the Honorable Board of Selectmen, also to Selectman Harry E. Clemons Committee on the Fire Department, for the interest manifested by them in all matters pertaining to this department during the past year.

To the Chief of Police and the members attached to his department for valuable assistance rendered.

My thanks are also due to each officer and member of the department for their prompt and faithful discharge of duty the past year.

Also to Dr. C. L. Sopher for his valuable aid to our members at all fires.

For appropriations and expenditures see Town Accountants Report.

W. E. CADE,
Chief of Department

Report of the Chief of Police

Wakefield, Mass., January 1, 1920.

Water running to waste and reported	6

I have collected in non-support cases \$2,247.00 and have paid the same by check.

We now have a First-Aid room and the doctors who have had occasion to use it speak very highly of it.

The police department is now equipped with an automobile and I can truthfully say it helps greatly.

On duty calls fifty-two thousand, two hundred and sixty-seven.

DISCIPLINE

The officers have well and truly performed the duty assigned them and I want to thank them.

CONCLUSION

To your Honorable Board, and to His Honor Judge Charles M. Bruce, and his associates, E. Leroy Sweetser and Thomas P. Riley, and to the Clerk, Wilfred B. Tyler, and his Assistant, Henry C. Bacon, and to each and every person who have assisted and remembered this Department, I wish to extend my sincere thanks.

Respectfully submitted,

JAMES J. POLLARD,

Chief of Police

Report of Town Counsel

To the Honorable Board of Selectmen of Wakefield, Mass:—

Gentlemen:—As town counsel for the year 1919 I report as follows: At the beginning of the year the street railway situation occasioned serious consideration because of the uncertainty surrounding its continued operation, the Lakeside line having been discontinued in December.

Under your instructions I attended the hearings at the legislature on the many bills which would affect Wakefield and prepared briefs in two cases for the committees hearing the matters. By summer the railway was taken over by the public trustees who immediately indicated that the town must help financially if the Prospect Street-Montrose line was to continue in operation. The town having voted against such help that line was discontinued late in the fall. At the time of this writing notices are posted for the discontinuance of the Wakefield-Lynn line. The result is that many of our citizens have lost a service they have long been used to, and one existing, when they located their homes. The same situations appear to exist elsewhere over the system, and there is a gloomy outlook for any improvement, at least, so far as the company's ability is concerned; at any rate no improvement, but a decided loss has occurred, since the trustees assumed control, with respect to better service.

During the year four small claims have been settled, being Daley \$50, Kelleher \$79.50, Gilfoyle \$34.50, and Mansfield \$21.84.

An action in equity was brought by ten or more citizens to restrain, by injunction, the building of the Woodville school, but the court at two hearings refused to issue an injunction.

Two compensation cases have had my attention, in one where there was a death the maximum compensation is being paid.

The claim of Mrs. Amelia Orde, arising from a fuse block falling from a light pole and striking her upon the head, was settled for \$2000.

There are pending against the town:—

One tort action for \$2000, for alleged defect in way.

One tort action for \$110 for alleged defect in way.

One equity suit in which decree for town has been entered. This was to recover for aid given by overseers.

It is probable that the Statutes will be consolidated this year, which will make it desirable to revise the town by-laws for which a committee has been appointed.

Respectfully submitted,

M. E. S. CLEMONS.

December 23, 1919.

Report of Town Planning Board

To the Honorable Board of Selectmen, Wakefield, Mass.:—

Gentlemen:—The Town Planning Board has this year organized and held meetings as usual, but in view of the heavy, financial burdens lately put upon the town, does not feel justified in making any recommendations which would add to those burdens. It does, however, beg to again recommend that the town establish the grades on all of its accepted streets.

At the recent 275th anniversary celebration the Chairman of the Board of Selectmen noted the fact that the population of the town had doubled since our 250th birthday and predicted a similar increase in the next 25 years. If this proves true, the Planning Board, working with the town authorities, should have a large part in determining the character of this growth, whether haphazard and disconnected or well ordered, with provisions for the convenience, health and happiness of all within our bounds.

Respectfully submitted,

HUBBARD B. MANSFIELD

CURTIS L. SOPHER, M. D.

J. WILLIAM O'CONNELL, D. M. D.

PHILIP A. BRUORTON

Report of Inspector of Buildings

To the Honorable Board of Selectmen, Wakefield, Mass.:—

Gentlemen:—I respectfully submit the following report for the year 1919. Permits have been issued for the following:

- 21 One-family dwellings.
- 5 Two-family dwellings.
- 47 Garages
- 17 Additions and alterations.
- 6 Barns and sheds.
- 1 Factory.
- 2 Greenhouses.
- 1 Store.
- 1 Schoolhouse.

Total 101. Estimated cost \$201,236.

I have made 270 inspections. I have also inspected several existing buildings, had unsafe stairs, chimneys and other dangerous parts made safe. Building in Wakefield is increasing, as last year there were only 47 permits granted with an estimated cost of \$28,820.

I have inspected 30 elevators, 1 lodging house and reported same to Chief of the State Police. I have also licensed three elevator operators, renewed one, for which I collected \$3.50, turning this amount over to the Town Treasurer. The inspection and report on elevators takes a great deal of my time.

Respectfully submitted,

CORNELIUS DONOVAN,
Inspector of Buildings.

Report of Workmen's Compensation Agent

To the Honorable Board of Selectmen, Wakefield, Mass.:—

Gentlemen:—I respectfully submit the following report for the year 1919: There was one fatal accident, Earl G. Williams, an employee of the Light Department, was electrocuted on May 9, 1919, while in the discharge of his duties. His dependents are to receive ten dollars a week until four thousand dollars is paid. There were eleven cases of accidents to employees, receiving medical treatment only. The total expense, including medical treatment and compensation, was \$388.28.

A detailed statement may be found in the Town Accountant's Report.

Respectfully submitted,

CORNELIUS DONOVAN,
Compensation Agent.

Report of Forest Warden

To the Honorable Board of Selectmen:—

Gentlemen:—During the year 1919 there was a total of 44 woods and grass fires and the cost to extinguish the same is as follows:

Appropriation made	\$200.00
Expended as per pay rolls	49.80
Supplies	15.36
Total cost	\$65.16

W. E. CADE,
Forest Warden.

Report of Inspector of Wires

To the Honorable Board of Selectmen:—

Gentlemen:—In compliance with the vote of the town, will report that I have made a total of 307 inspections during the year 1919.

Forty-five defects were found and the same were all made to conform with the National Code.

Yours respectfully,

W. E. CADE,
Wire Inspector.
December 30, 1919.

Respectfully yours,

A. A. MANSFIELD

Sealer of Weights and Measures.

January 9, 1919.

Report of Inspector of Animals

To the Honorable Board of Selectmen:—

I herewith submit my annual report, as Inspector of Animals, for the year 1919.

Have made two hundred and seventy-six (276) calls.

There were four (4) tubercular cows killed, and ninety-six (96) hogs quarantined for hog cholera.

There were also numerous cases of hemorrhagic septicemia, which was more prevalent among young pigs.

It might interest owners of hogs and pigs to know there is a serum used as a preventive for above-named diseases, recommended by the Animal Industry.

Respectfully submitted,

DR. PALMER CORBETT.

REPORT OF LIBRARY TRUSTEES

The Trustees of the Beebe Town Library present the sixty-fourth annual report of the Board for the calendar year, 1919.

It is gratifying to the Trustees to be able to state that real progress has been made during the past year, looking toward the erection of the new library building. The library site committee was made the building committee. This committee met and chose a committee of five, consisting of Harris M. Dolbeare, Charles N. Winship, Arthur L. Evans, Richard Dutton, M. D., and Winfield S. Ripley, Jr., to act as sub-committee on building, to confer with Mr. Beebe and the architect on details relating to the erection of the building. The committee has chosen Messrs. Hartwell, Richardson and Driver (of which firm Mr. James Driver is a member) as architects.

In addition to the very generous gift which the members of the Beebe family have already made to the town, on June 4, 1919, Mr. Junius Beebe deposited with the Wakefield Trust Company the sum of twenty thousand dollars (\$20,000), to be known as the Junius Beebe Book Fund. One-fourth of the yearly income of this fund is to be added to the principal, and the remaining three-fourths to be used for the purchase of "such books as the Trustees may deem best suited to the uses of said library in the instruction, education and pleasure of the people entitled to use the same."

In behalf of the citizens of the town the Trustees of the Beebe Town Library thank Mr. Beebe for his generous gift. The influence of such a deed is so far reaching that no one can estimate it.

On February 19, 1919, Mr. Walter O. Cartwright, who had been for seven years a Trustee of the Library died of pneumonia after a short illness. The following resolutions on the death of Mr. Cartwright were prepared by the Trustees, one copy of which was sent to Mrs. Cartwright and another was placed on the library records.

Resolutions on the Death of Walter O. Cartwright.

WHEREAS, God, our Father, has summoned to a life of larger opportunities, Walter O. Cartwright, for many years a

member of the Board of Trustees of the Beebe Town Library of Wakefield, and

WHEREAS, we, the members of the Board of Trustees of the Beebe Town Library are touched and grieved by the loss that has come to us,

BE IT RESOLVED, that in the death of Walter O. Cartwright, the Public Library has lost the wise counsel of one who was a true lover of books; whose criticism of books, authors, and publishers was intelligent and sincere; who had the interest of youth at heart and the practical experience necessary to decide on books for young people; who had a large fund of information on all book lore, which was generously used to improve the conditions of the library and to increase its usefulness, and further

BE IT RESOLVED, that in the death of Mr. Cartwright the town has lost a citizen who was at all times loyal to his God, his Country, and his Home; whose courage in the hour of adversity was fine and high; and whose trust in Divine Justice and the goodness of God, the Father, never faltered.

In memory of her husband, Mrs. Cartwright has presented to the Beebe Town Library one hundred and seventy-five books (175) belonging to Mr. Cartwright's private library.

A few weeks after the death of Mr. Cartwright, at a joint meeting of the Selectmen and the Board of Trustees, Mr. J. Theodore Whitney was unanimously appointed to fill the place on the Board made vacant by the death of Mr. Cartwright.

There have been a number of changes in the library staff during the year. October first, Miss Olive Eaton, who had been assistant librarian for a year, resigned, to accept a position in Malden. Later, Miss Luella Sidney was appointed an assistant. Miss Sidney is a graduate of the Wakefield High School. She is well fitted for the position and shows much enthusiasm in her work.

Because of the crowded condition of the library during rush hours, the Trustees decided at the September meeting to open the library at 10 o'clock a. m. instead of 2 o'clock p. m. and to close at 8:30 o'clock p. m. every day except Saturday. This change, which went into effect the first of October, adds four hours to the library day. Since the change in hours some increase in the salaries of the library staff has been made, but even now they are in no way proportionate to the service rendered the town.

The small salaries paid to librarians all over the country have caused a critical situation in the administration of library work. Many librarians are resigning and it is impossible to fill their places. During the past year a circular letter was sent by the State Library Commission, urging trustees to increase the salaries of librarians in order to maintain a high standard of library efficiency.

The work of the Story-Telling Hour for children, carried on by a committee composed of members of the Kosmos Club, with Miss L.

Josephine Mansfield, chairman, began in January and was continued during the three winter months. The meetings were well attended, the total attendance being five hundred and fifty-six (556).

The library has received a number of valuable gifts during the year, among them a bust of Beethoven, presented by Mr. Eustace Fitz.

Wakefield has reason to be proud of her reading public. In the report two years ago, the Trustees called attention to the fact that there was a growing improvement in the choice of books; that the demand for light reading was decreasing, and that there was a steadily increasing demand for poetry, history, scientific and reference books. This continues true. It is also true that in spite of crowded conditions, the circulation of the Beebe Town Library continues larger in proportion to the population of the town than that of most of the surrounding towns and cities. The report for the current year shows an increase in circulation of six thousand four hundred and thirty-one (6431) volumes, making a total circulation for the year of 82,558 volumes.

For the ensuing year the Trustees recommend for the library appropriation five thousand four hundred dollars (\$5400) including the dog tax.

ELIZABETH FRANCES INGRAM,

Secretary of the Board of Trustees.

LIBRARIAN'S REPORT

To the Trustees of the Beebe Town Library, the Librarian submits the following report for the year, 1919:

The circulation is the largest in our history; 4,292 more than for any other year. In 1915 it was 78,266, this year, 1919, it is 82,558.

INCREASED BORROWING PRIVILEGE

Beginning June 1, 1919, the borrowing privilege was extended and two books of fiction may now be borrowed on a general card, only one of which may be a seven-day book. This increased service is used frequently by the public and much appreciated.

WAITING-LIST POSTALS

Some people may not fully understand about the "Waiting-List Postals." If any person finds it difficult to get the book which he wants, a "waiting-list postal," purchased at the desk for one cent, will reserve that book the first time it is returned to the library and the postal will be mailed notifying the borrower. Any book in the library which circulates may be thus reserved.

GIFTS

A folio of engravings of famous paintings was presented to the library by Mrs. W. F. Carley of Greenwood. She also gave some books. The High School Debater was presented for the Reading Room. Other gifts are noted elsewhere in the report.

MAGAZINES FOR SOLDIERS

Two bundles of magazines, contributed by citizens, were sent to Boston for Wakefield members of the State Guard on duty during the recent police strike.

The receipts and expenditures of the past year are as follows:

LIBRARY AND READING ROOM

Report of Highway Engineer

To the Honorable Board of Selectmen:—

Gentlemen:—I herewith submit report of work done by the Highway Department for the year ending December 31st, 1919:

The appropriations expended under my supervision were as follows:

(1) General Highways	\$39,000.00	
(2) Permanent Construction	6,000.00	
(3) Salem Street	9,000.00	
(4) Salary	2,000.00	
(5) Ash Collection	2,000.00	
Total		\$58,000.00
Expended		57,358.17
Balance		\$641.83

(1) GENERAL HIGHWAYS

Appropriation	\$39,000.00
Expended	38,998.61
Balance	\$1.39

The following items will show subdivisions of General Highways and the expenditures for each:

Vacations (Town Employees)	\$405.00
Auto (Ford Runabout)	562.32
Stable (Three Horses)	1,075.74
Sidewalks	7,761.75
Patrol	1,366.94
Snow	630.71
General Maintenance	7,233.45

The Town is divided into nine sections, and each receives its proportion of the Highway appropriation figured on the miles of streets in that particular section, compared with the total mileage of streets in the entire town.

These are the Sections:—

- Section No. 1—Known as Montrose.
- Section No. 2—Known as East Centre (East of Main St.)
- Section No. 3—Known as West Centre (West of Main St.)
- Section No. 4—Known as Westside North (West of Wakefield Upper Depot.)
- Section No. 5—Known as Westside South (West of Wakefield Upper Depot.)
- Section No. 6—Known as Junction.

Section No. 7—Known as Greenwood.

Section No. 8—Known as Boyntonville.

Section No. 9—Known as Woodville.

	Oil					Over
Section	Cleaning	Drains	Gravel	Patching	Totals	Draft
No. 1..	\$277.30	\$34.53	\$587.68	\$394.90	\$1,294.41	\$415.21
No. 2..	354.15	187.10	1,244.51	1,510.44	3,296.20	878.40
No. 3..	183.37	139.70	49.20	485.92	858.19	240.81
No. 4..	529.62	445.87	394.34	843.82	2,213.65	675.05
No. 5..	151.62	107.48	939.39	589.87	1,788.36	689.36

No. 8..	320.95	18.93	20.95	550.00	910.83	251.43
No. 9..	100.05	.71	661.79	60.00	822.55	163.15

Totals. \$2,676.33 \$1,195.78 \$4,659.12 \$5,189.35 \$13,720.58

Re-Treating\$3,653.10

Rebuilding\$2,589.02

Just a word of explanation of a few of the above items:

Sidewalks:

Granolithic sidewalks were laid in the following streets:

Overlook and Nowell Roads.

Sheffield Road.

Morrison Road.

The cost per square yard.....\$1.65

Granite edgestone were laid in the following streets:

Main Street (Nahant to Franklin).

Ashland Street.

Sheffield Road.

Morrison Road.

The cost per linear foot\$1.65

Tar sidewalks were laid on the following streets:

Pleasant Street.

Cordis Street.

Salem Street.

Sweetser Street.

Main Street (400 feet).

Eaton Street.

Gould Street.

Greenwood Street.

The cost being \$0.95 per square yard.

Considerable patching and top dressing was done on the old Tar Sidewalk in different sections of the town, in fact, the entire amount of money spent for new work could have been spent in just repairing and dressing old Tar Sidewalks.

Approximately 800 feet of gravel and cinder sidewalks were laid and rocks removed from many.

The assessments laid on the abutters for sidewalk improvements (new work) was \$1,735.91, which sum goes to the Town Treasury, and is one-half of the total cost of this new work.

PATROL

Two men were employed sweeping the following streets for approximately seven months: Water Street, from Main Street to Melvin Street, Lincoln and Smith Streets, Richardson Avenue, Albion Street, from Main Street to Murray Street, Chestnut Street from Main Street to North Avenue, North Avenue in front of the Depot, and Main Street, from Junction (B. & M. R. R.) to Salem St.

GENERAL MAINTENANCE

Under this head is charged all labor and materials that could not be classified under the other heads, and one of the largest items was \$3,750.00 (and old roller) for a new ten ton Buffalo Pitts Road Roller.

RE-TREATING

The bituminous and water bound macadam streets were dressed and patched with Tar or Asphalt. Such streets as Main, Chestnut and Salem Streets, North Avenue and Albion Street are the streets classified under this head.

The mileage of such streets is increasing each year and more money will have to be expended for this work next year. To keep these streets in good condition for traffic and eliminate unnecessary patching, same should be re-treated every other year, and some streets every year where the traffic is extremely heavy.

It might be of interest to give the name of the companies, quantity and price of Tar and Asphalt Binders and Dust Layers.

American Tar Company	52,490 gals
(Tarine No. 1 Tarine No. 2 Rotar)	
The Barrett Company	11,425 gals
(Tarvia X Tarvia B Dust Layer)	
Standard Oil Company	22,850 gals
(Binder B—65%)	
Warner Quinlan Company	7,400 gals
(Montezuma Asphalt No. 110 Penetration)	
Total	94,165 gals

The following are the **prices paid for same:**

- 11c per gal—Tarine No. 1, Tarine No. 2, Tarvia X.
- 12c per gal—Standard Oil Company (Binder B). Warner Quinlan Co.
(Montezuma 110 Penetration)
- 7¼c per gal—Standard Oil Company (65%)
- 5c per gal—The Barrett Company. (Special Dust Layer).

These prices include the application.

RE-BUILDING

New Salem Street and North Avenue were re-built with Gravel and Bituminous surfaces.

(2) Permanent Construction

Appropriation	\$6,000.00
Expenditures	5,915.39

Balance	\$84.61
---------------	---------

A bituminous macadam road (Asphalt Binder) was constructed on the north side of West Chestnut Street from Cedar Street to Prospect Street—approximately 3,600 sq. yds. and the following drainage installed:

200 feet of 10-inch Corrugated Iron Pipe.

238 feet of 10-inch Vitrified Pipe.

One Std. (2 ft. x 2 ft.) Highway frame and grate.

(3) Salem Street

Appropriation	\$9,000.00
Expenditure	8,998.02

Balance	\$1.98
---------------	--------

The construction on this street was done according to the plans and specifications furnished by the Massachusetts Highway Commission, and on completion of work was accepted by them.

The work started at Reid's Corner (Montrose) and continued on Salem Street for approximately 2,800 feet. A drainage system, consisting of five catch basins, with necessary outlets, was constructed at a cost of \$742.19.

The State and County paid to the Town as follows:

Commonwealth of Massachusetts	\$2,999.34
County of Middlesex	3,000.00

Total	\$5,999.34
-------------	------------

which sum goes to the Town Treasury.

There remains about 1,500 feet of road to complete this work to the Lynnfield line.

(5) Ash Collection

Appropriation	\$2,000.00
Paid Contractor	\$958.15
Care of dumps	401.63
Printing, etc	86.37

Total	\$1,446.15
-------------	------------

Balance	553.85
---------------	--------

	\$2,000.00
--	------------

The Town's Treasury received \$836.50 for the sale of Ash Tickets.

The number of houses that availed themselves of this service were 276, and approximately 9,700 barrels of ashes were collected for the year.

For a detailed account of the Highway Department see the Town Accountant's Report.

INVENTORY OF HIGHWAY DEPARTMENT

Portable Crusher	\$1,300.00
Valley St. Crusher	2,600.00
Stable	1,050.00
Rollers—One 10-ton—One 5-ton	3,600.00
Road Machines	220.00
Watering Cart, Oil Wagon, Horse Broom	560.00
Snow Plows	875.00
Tools	120.00
Auto	150.00
Curbing	900.00
	<hr/>
	\$11,375.00

For your consideration I submit the following figures and estimates:

The following table will show the Highway Appropriations from the year 1912 to 1919:

Year	Appropriation	Supt. Salary	Labor	Teams
1912	\$28,842.14	\$1,768.50	\$2.25	\$5.00 and \$3.50
1913	50,399.67	2,000.00	2.25	5.00 and 3.50
1914	45,980.00	2,000.00	2.25	5.00 and 3.50
1915	44,208.22	2,000.00	2.25	5.00 and 3.50
1916	30,440.00	2,000.00	2.50	5.00 and 3.50
1917	37,500.00	1,600.00	2.75	6.50 and 4.50
1918	42,000.00	1,900.00	3.50	7.00 and 5.00
1919	54,000.00	2,000.00	4.00	7.50 and 5.50

From the above table it can be seen that labor has increased 77% and teams 50% since the year 1912.

Furthermore labor has increased 14% and teams 7% since 1918.

Road materials have increased about 62% since the year 1912.

In making up the highway budget for the year 1920, will you kindly consider the above figures that are facts, not estimates.

In order to have our highways brought to a satisfactory standard, it would demand the expenditure of a large amount of money. After careful consideration and examination I have made an estimate of the cost shown by streets and subdivided into Drainage, Sidewalks and Streets, in table below:

Street	Drainage	Sidewalks	Streets	Totals
Water St	\$385.00	\$5,428.00	\$550.00	\$6,363.00
Armory St	181.00	1,333.00	1,514.00
Church St	545.00	2,130.00	6,000.00	8,675.00
Melvin St	1,609.00	475.00	2,084.00
Bennett St	375.00	2,167.00

Traverse St., Franklin St	853.00	722.00	217.00
Cottage St	601.40	316.00	1,005.00	1,922.40
Prospect St	2,176.00	4,450.00
Fairmount Ave	1,644.00	526.00	485.00	9,281.00
Hillside Ave	310.00	310.00
Summit Ave	710.00	1,000.00	1,710.00
Auburn St	266.00	423.00	689.00
Converse St	1,270.00	462.00	235.00	1,967.00
Lake St	150.00	816.00	966.00
Steadman St	399.00	265.00	664.00
Gould St	980.00	1,045.00	4,330.00	6,355.00
Jordan Ave	1,010.00	425.30	1,435.00
Byron St	374.00	810.00	682.00	1,866.00
Bryant St	53.00	100.00	153.00
Cordis St	726.80	685.00	125.50	1,537.30
Sweetser St	1,133.00	580.00	81.30	1,794.30

Totals	\$37,721.20	\$58,322.18	\$97,694.94	\$193,738.32

The improvements above estimated are the essentials.

The drainage as planned will eliminate most of the wash on the hills, and thoroughly drain the sub-grade of the roads. This will result in a large saving in maintenance and add to the comfort of the traveling public. Approximately 88 acres of the swampy land will be greatly improved. Drainage is a permanent improvement.

The Sidewalk improvements call for Granolithic and Tar construction and Granite Edgestones, and as planned will give the traveling public dry sidewalks on all the principal streets.

The street improvements call for Gravel, Bituminous Macadam and Concrete (Granite Block) pavements.

In conclusion, I desire to express my appreciation to the Honorable Board of Selectmen for courtesies extended, and to all Town Officials and Town Employees for their co-operation.

Respectfully submitted,

W. R. TOMPSON,
Engineer and Supt. of Streets.

Report of Water and Sewerage Board

THE WAKEFIELD WATER & SEWERAGE BOARD presents herewith an annual report for the year 1919. It has occurred to the Board that a presentation of the receipts and expenses placed in a form readily understood may prove of interest. The following figures are for 1919 in round numbers and a complete and exact report is given in the town auditor's report:

Receipts	Expenses
Water Rates\$50,000	Maintenance\$24,650
Services 1,800	Services 1,450
Rents, Summons, etc 350	Construction (new) 2,350
	Bonds retired 12,000
Total\$52,150	Interest on debt 6,800
	Commissions, Salaries 300
	<hr/> \$47,550

The maintenance expense may be roughly sub-divided as follows:

Labor, Superintendent, Clerk	\$11,850
Office, Printing & Postage	600
Meters & Pipes	500
Equipment & Repairs	2,300
Automobiles, including purchase two trucks	3,100
Coal & Freight	4,000
All other, includes new chlorine machine, water analysis and miscellaneous expenses	2,300
	<hr/> \$24,650

The service account is new construction or relaying services on private land and is paid for by property owner.

The construction account is new construction of mains and additional hydrants for fire. Relaying of old mains does not come under this account.

The balance of expense items are self-explanatory and are fixed. It is evident from the above that the maintenance account is practically the only item when economies can be exercised and the board are continually working to keep this account in check. The labor item above has practically doubled during the past five years although the number of men employed remain the same.

While we believe that the citizens do not desire a report in detail of the work that has been accomplished by the Department during the year, it occurs to us that perhaps some of the more important improvements may be of interest. Realizing that the Water and Sewerage Sys-

tems represent the Town's largest individual investment of money, we believe that a certain amount of permanent renewal and construction work should be done every year in order to maintain the highest possible standard of efficiency and to obviate retrogression. In line with that policy, at the beginning of the year we determine as closely as can be done, and of course subject to change as conditions may require, just what new construction or replacements are most needed. On account of the high cost of material and the labor situation during the past year, however, our activities in that direction have been confined very largely to the immediate necessities. Fortunately, we have had no extraordinary emergencies involving large expenditures.

We give below briefly some of the more important extensions and improvements made during the year:

Approximately one-eighth of the mile new construction on Salem Street to McCarthy's Greenhouses.

Approximately one-eighth of the mile new construction on Harrison Avenue.

Water main on Salem Street lowered below frost line, distance about 250 feet.

21 water service connections.

15 sewer service connections, 10 more awaiting completion because received too late.

46 Hydrants overhauled and repaired.

12 main gates repaired.

Residence of Superintendent and Pumping Station repainted.

Interior of stand pipe repainted, also cement floor renewed.

New concrete floor in boiler room in Pumping Station.

Shaking grates installed. Both boilers are now equipped with this economical device.

Installation of new 5-inch suction pipe for condensers at Pumping Station.

Board fence at head of lake on Broadway replaced by new wire fence, distance 180 feet.

Gasoline tank installed underground at Pumping Station.

Replacement of old Henderson and International automobiles by new International and Ford trucks.

Additional chlorine machine.

We have been assured by competent authority that notwithstanding the dangers from pollution that exist throughout a large portion of the shore area of the lake and particularly on the west side, if the system of chlorination is continued without interruption, the dangers to public health are reduced to a minimum.

Realizing, therefore, the delicate nature of the chlorine apparatus and the possibility of its getting out of order at a time when most needed, the commissioners decided, as a measure of protection, to install another machine for use as occasion may require, so that we now feel perfectly safe in assuring the citizens that there is little or no possibility

whatever of an interruption of the chlorine treatment.

In this connection we may add that the condition of the water is watched very closely through the medium of regular analyses made by Weston & Sampson, the well known chemists of Boston. We also desire to state for the information of the Town, that the commissioners have no hesitancy whatever in expressing the opinion that the equipment of the Department was never in better condition than at the present time. This is due in a large measure to the untiring efforts of our present Superintendent, who has labored early and late to bring the plant up to the highest possible standard of efficiency, assisted by the employees under his supervision.

The Commissioners as well as the Superintendent, would be pleased to have citizens visit the Pumping Station whenever they feel so disposed, for the purpose of making a personal inspection of the plant.

The value of the Water Department to the Town must be reckoned in terms of service rendered to the whole community. Not only must water and fire protection be supplied to the center of the Town, but these benefits, so far as possible, must be extended to the families in the outlying sections. Water mains should follow closely upon every growth of the Town, so that no one in Wakefield may be outside of the privileges the rest of us enjoy. To this end, ample appropriations should be made at once for bringing our service within reach of the following districts:

- (1) QUANNAPOWITT PARK. About 20 houses in this section of the Town are now without water supply and fire protection. Our main on Lakeside now ends opposite the estate of Arthur G. Walton. To extend this sufficiently to take care of the families in this vicinity calls for the laying of some 4,300 feet of pipe, at a cost of approximately \$8,000. This work should be started as soon as frost is out of the ground this Spring.
- (2) CRYSTAL LAKE PARK. About 12 residences located on the rising land to the West of Crystal Lake. This extension will take about 1,800 feet of pipe at a cost of approximately \$3,600.
- (3) GREENWOOD, MONTROSE AND WAKEFIELD PARK. In all these sections, new developments are under headway. A few residences are under construction at this time, and the Department has already been notified of others to be started, as soon as weather permits. While the amount of work on any particular street in these sections may be small, yet our best estimate places 3,000 feet as the least amount of new mains these sections will require in the next two years.

The original mains of our system have given good service, but no one can predict how much longer they will continue to do so. On some streets the mains appear to be in excellent condition, while on others, as on Vernon Street, frequent breaks have already added considerably to the cost of maintenance. In the central part of the Town, the pipes,

although old, have so far given but little trouble, but the Commissioners feel the Town should be reminded that a large expense may soon be necessary to properly maintain our service over a large part of the system.

Respectfully submitted

C. H. LEAROYD,
A. S. HILL,
H. M. WHEELER.

SUPERINTENDENT S REPORT

New construction Main Pipe—Hillside Ave (Bellevue Park) from dead end to house of Eva Reid, 84 ft. 6 in., of cast iron pipe.

Salem St., from opposite house of J. Dunn Walton to the Lynnfield line. 700 ft. 4 in. cast iron pipe.

Harrison Ave. Extension, from Essex St. to house Isaiah S. Blake, 586 ft. of 2-inch galvanized iron pipe.

Sidney St., from dead end to house of Joseph Samuels, 193 ft. of 1¼-in. galvanized iron pipe.

Pleasant St., from house of Mrs. E. A. Turner to house of Edgar Paulson, 79 ft. of ¾-in. galvanized iron pipe.

Reconstruction, main pipe—Salem St., from opposite house of James T. Gunn, No. 249, to opposite house of H. O. Fox, No. 260. This pipe was relaid and lowered to prevent freezing. 275 ft. 6-in. cast iron pipe.

Report of Overseers of the Poor

The Overseers of Poor herewith submit their report for year ending December 31, 1919:

At the Home we have eleven inmates at present while three inmates died during the past year. On June 23d we met with a sad loss in the death of our Superintendent, Jacob Blick, Jr., necessitating the appointment of another superintendent. We appointed Melvin W. Brown and wife as superintendent and matron, in which capacity they served for the Town of Wilmington.

HUGH CONNELL, Chairman
ALBERT D. CATE, Secretary
GEORGE E. ZWICKER

Report of Sweetser Lecture Committee

Received dividends from Wakefield Saving Bank..... 21.98

By disbursements 88.56

Balance Jan. 1, 1920 \$420.59

ROSA B. CUTLER, **Treasurer.**

Report of the Board of Health

The Board of Health hereby submits its annual report.

The Board of Health of Wakefield records with deepest regret the loss of its Chairman, **Dr. Joseph W. Heath**, whose sudden death on May 15th, 1919, terminated a long and faithful service as Chairman of this Board.

For the entire period since his election in 1897 he served as Chairman. A sagacious counselor, cautious in action, his conservative policies have reacted to the benefit of the community.

His cheerful nature and friendly disposition have endeared him to the hearts of all, and in him the unfortunate have had a sympathetic friend.

The members of the Board of Health unite in expressing their appreciation of Dr. Heath's untiring efforts for the welfare of the community during his long service on this Board.

On May 29th, 1919, Dr. C. E. Montague was elected by a joint meeting of the Board of Selectmen and the Board of Health, to fill the vacancy caused by the death of Dr. Heath.

Dr. Heath had served as Physician to the Tuberculosis Dispensary from its establishment until his death.

Dr. Ira W. Richardson was appointed as Physician to the Tuberculosis dispensary to fill the vacancy.

During the year, the Board has had the Saugus River cleaned out from the car barns to the Saugus line at an expense of \$350.00, also the brook from the Centre Depot to Albion Street, at an expense of \$622.33

The number of contagious diseases reported to the Board for the year ending December 31st, 1919, were 153, divided as follows:

Diphtheria	18
Measles	7
Scarlet Fever	52
Chicken Pox	27
Tuberculosis	13
Whooping Cough	8
Pneumonia	22
Influenza	6

DR. ERNEST E. TYZZER, Chairman

DR. C. E. MONTAGUE

AUGUSTUS D. JENKINS, Secretary

Report of Tuberculosis Dispensary

The work of the Tuberculosis dispensary has been carried on during the year with clinics on Tuesday afternoons and Friday evenings.

From January 1st, to December 31st, 1919, twenty-nine patients have been examined at the dispensary, four of whom were not tubercular.

There are at present sixty-four resident cases recorded, twelve suspicious cases, and there are also eight cases in sanatorium.

Thirteen new cases have been reported, and there have been eleven deaths during the year.

Four hundred and eight visits have been made to the homes of tuberculosis patients, nursing service given when necessary, records of cases obtained, sputum boxes distributed and advice given as to precautions to be taken to prevent the spread of the disease to other members of the household.

DR. IRA W. RICHARDSON,

Dispensary Physician.

MARGARET H. ENGLISH, V. N.,

Tuberculosis Nurse.

Report of Inspector of Plumbing

To the Honorable Board of Health:—

Gentlemen:—The work of this department for the year ending December 31st, 1919, was as follows:

Permits granted	70
Number of fixtures installed	237
Bath tubs installed	29
Closets installed	70
Lavatories installed	43
Sinks installed	57
Wash trays installed	38

This is a large increase over last year.

Respectfully submitted,

DAVID TAGGART,
Inspector of Plumbing.

Report of Inspector of Milk

To the Board of Health, Town of Wakefield:—

Gentlemen:—The inspection of the milk supply of the Town of Wakefield has been concluded for another year and conditions of the same were found to be satisfactory with a few exceptions.

The addition of the new apparatus for testing was a great help as far as the analysis of the milk was concerned, but to my mind it is not the standard of the milk, as much as the conditions and methods under which the milk is produced that must be watched and improved. Here also lies a great chance for improvement.

As it has been demonstrated by extensive tests, that it is impossible to produce clean milk with a low bacteria count under unsanitary conditions, the simplest solution would seem to be the addition of the bacteria tests and to prohibit the sale of all milk containing over a specified number of bacteria. Also to publish monthly a list of all milk sold in the town with the number of bacteria contained in it.

Of course this would be an added expense to the department, but to my mind it would be well worth the amount expended.

One hundred and four samples of milk and four samples of cream were analyzed this year. Five samples of milk were found to be below the standard and the dealers warned.

Twenty-two stores and fifteen dealers were licensed to sell milk in the town and twenty-four stores were licensed to sell oleo-margarine.

The total receipts of the department was \$30.50.

CARL M. SMITH,
Inspector of Milk,
Town of Wakefield.

Report of the Inspector of Slaughtering

The work of this department was as follows:

From April 1st, to December 31st, 1919, 1538 hogs were slaughtered and inspected, and of this amount 15 were condemned as not being fit for food, for various causes.

The two slaughter houses in the Town of Wakefield compare favorably for cleanliness, with any slaughter houses of the kind.

Respectfully submitted,

PALMER CORBETT,
Inspector of Slaughtering.

Report of Town Treasurer

To the Citizens of Wakefield:—

I herewith present my report for the fiscal year ending Dec. 31, 1919.

TRUST FUNDS

The Trust Funds and available income balances now in my hands are as follows:

Cornelius Sweetser Lecture Fund	\$10,000.00
Cornelius Sweetser Lecture Guarantee Fund	1,230.37
John Gould Aborn Library Fund	1,601.81
Cyrus G. Beebe Library Fund	2,000.00

Stimpson Family Burial Lot Fund, int. balance available	4.59
Clarissa E. Swain Burial Lot Fund	500.00
Clarissa E. Swain Burial Lot Fund, int. balance available	3.87
Cornelius Sweetser Burial Lot Fund	1,000.00
Cornelius Sweetser Burial Lot Fund, int. balance available	273.16
Jane K. Vinton Burial Lot Fund	50.00
George M. Kelley Burial Lot Fund	25.00
Levi Flanders Burial Lot Fund	100.00

Total\$28,809.58

The above funds are invested as follows:

United States Liberty Loan 4¼% Bonds (\$24,150.00 par)	\$24,062.55
Wakefield Savings Bank	4,126.41
Blackstone Saving Bank	620.62

Total	\$28,809.58
-------	-------------

Full detail as to the nature of these funds, their incomes and detailed expenditures will be found in the Town Accountant's report.

LOAN ACCOUNT

The following sums have been borrowed on Temporary Notes in anticipation of revenue, during the year:

\$125,000.00 at 4.35 per cent discount
75,000.00 at 4.50 per cent discount
25,000.00 at 4.35 per cent discount
50,000.00 at 4.33 per cent discount
50,000.00 at 4.79 per cent discount

\$325,000.00.

Of this amount \$200,000.00 has been paid, leaving a balance due in 1920 of \$125,000.00 in anticipation of revenue.

Time loans as follows have been issued during the year:

Salem Street construction, 4 months	\$6,000.00 at 5 per cent
Woodville District School	67,000.00 at 4½ per cent

The latter loan is payable \$4,000.00 each year for the first four years, \$3,500.00 each year for the next eleven years and \$2,500.00 each year for the last five years.

PERMANENT DEBT

Permanent debt, Jan. 1, 1919	\$459,400.00
Paid during 1919	40,900.00

\$418,500.00

New issues in 1919, as above	73,000.00
------------------------------	-----------

Permanent debt, Jan. 1, 1920	\$491,500.00
------------------------------	--------------

The permanent debt has increased \$32,100.00 during the year 1919.

MATURITIES OF TOWN DEBT

Maturing in 1920	\$42,500.00
1921	36,500.00
1922	34,000.00
1923	33,500.00
1924	33,000.00
1925	24,000.00
1926	24,000.00
1927	24,000.00

1928	23,500.00
1929	23,500.00
1930	23,500.00
1931	27,500.00
1932	27,500.00
1933	22,500.00
1934	15,500.00
1935	14,500.00
1936	13,500.00
1937	13,500.00
1938	12,500.00
1939	12,500.00
1940	10,000.00

Total\$491,500.00

The debt is chargeable to the following:

Water Department	\$159,500.00
Light Department	46,000.00
Metropolitan Sewer	178,000.00
Highway Construction	6,000.00
School Buildings	92,000.00
High School Site	10,000.00
	<hr/>
	\$491,500.00

CASH ACCOUNT

On the following pages will be found the Treasurer's Cash Account:

Dr.

ARTHUR H. BOARDMAN, Treasurer

To balance from last report, cash	\$39,266.32
Borrowed on Temporary Notes	325,000.00
Premium received on same	3.25
Cemetery receipts	275.00
Collector of Taxes Receipts—Betterment Assessments	352.32
Moth Assessments	190.25

FINAL STATEMENT

* During the year 1920, the following time loans will fall due and are to be included in the tax levy of 1920:

High School site	\$2,500.00	
Junction School	1,500.00	
Montrose School	1,500.00	
Woodville School	4,000.00	
Macadam Construction of Salem Street	6,000.00	
Metropolitan Sewer	5,000.00	
Water Meters	3,000.00	
Main Street water main	1,000.00	
Water Loan	8,000.00	\$32,500.00
<hr/>		
Light Plant (included in Light Plant appropriation)	\$10,000.00	10,000.00
		<hr/>
		\$42,500.00

There will also be required the following amounts to meet our interest payments:

High School site	\$350.00	
Junction School	105.00	
Montrose School	990.00	
Woodville School	2,925.00	
Macadam Construction of Salem Street	100.83	
Metropolitan Sewer	6,230.00	
Water Meters	386.25	
Main Street water main	67.50	
Water Loan	5,880.00	
Temporary Loans (estimated)	12,500.00	\$29,534.58
<hr/>		
Light Plant (included in Light Plant appro.)..	1,820.00	1,820.00
		<hr/>
		\$31,354.58

The borrowing capacity of the town, on temporary notes in anticipation of 1919 revenue, was \$385,823.96, as determined by the State Bureau of Statistics. Of this amount, we were only obliged to borrow the sum of \$325,000.00, and of this latter amount \$200,000.00 has been paid, leaving \$125,000.00 to be paid in 1920.

Respectfully submitted,

ARTHUR H. BOARDMAN,
Treasurer.

REGULAR MEETING OF SCHOOL COMMITTEE

Second and fourth Fridays of each month at 8 p. m., at Committee Rooms, Odd Fellows Building.

Report of School Committee

Education at the public expense in the future must grow out of the people's needs, individual and national. It must operate to develop efficient and productive citizens. It will be expensive but it will be the only kind the people will be willing to pay for. The terrible upheaval in Europe has changed the environment and point of view of almost every human being thereby necessitating changing methods to meet the new needs of the people. Education is as broad as human life itself. It directs man's life, and is responsible for the control of his morals, the establishment of his ideals, the development of his ambitions.

NEW HIGH SCHOOL

We sincerely hope that conditions will shape themselves so it will be possible to start building operations on the new high school this year. Never has the department been more handicapped for proper facilities to carry on the work of the school. The enrollment in December this year at the high school was 596, an increase of 62 over last year.

PORTABLE BUILDING

Owing to the large increase in attendance at the high school it was found necessary to purchase a two-room portable building, which we hope will serve until such time as the new high school building is completed. This portable building has been set up with an enclosed entrance connecting it with the old high school building.

WOODVILLE SCHOOL

The new Woodville School building is nearing completion, and it is hoped that it will be ready for occupancy in April.

The divided session plan is being carried out at the present building and until such time as the new school is completed.

It was found necessary to open the hall of the Montrose School as a class room owing to the large number of pupils from that district. The services of another teacher were obtained and necessary equipment purchased.

REPAIRS

Repairs to school buildings and property could not be fully carried out as planned this year owing to lack of funds.

The heaters in the Greenwood School will have to be replaced this year, while at the Warren and Franklin Schools repairs to the heating systems of these buildings will have to be made.

Electric lights have been installed in the Prospect School.

MR. PETERSON

The Committee were fortunate in securing the services of Mr. Charles J. Peterson as Principal of the Wakefield High School to succeed Mr. Charles H. Howe, deceased. Mr. Peterson, prior to his advent in Wakefield, was principal of the Attleboro High School. Although handi-

capped for room and lack of proper equipment, Mr. Peterson entered upon his duties with a knowledge of administration in school matters that gratifies the committee exceedingly, and is conducting the school in a highly satisfactory manner.

SALARIES

To pay salaries that will attract the best intellects to the profession and that will enable those already in the work to gain more professional training is the hope and recommendation of the committee. The efficiency of a teacher is dependent upon financial conditions, and in teaching, as in other things we are likely to get what we pay for. The demands upon the teacher have been constantly increasing, no so with the salary.

Normal school or college training or both are essential for the successful teacher of today. A teacher is a public servant preparing a task of unsurpassed importance to the nation and is entitled to an adequate compensation.

The teachers are the leaders and formers of character of the next generation. We believe that money spent for good teaching is the best possible investment for the town and will recommend an increase of \$400 in salaries of teachers.

We also recommend an increase of \$208.00 in the salaries of janitors. We feel that they also are entitled to this increase for faithful and efficient service.

RECOMMENDATIONS

We recommend the following appropriations:

Salaries	\$155,834
Fuel	11,500
Contingent	12,000
Books and Supplies	6,500
Evening School	2,300
Practical Arts	900
Unpaid Bills	2,000
Total	\$191,034

The tuitions and receipts are estimated at \$19,300.00.

We would recommend for your consideration the report of the Superintendent of Schools.

J. LOWE McMAHON.
IDA FARR MILLER
HARRY B. ALLMAN
EVA GOWING RIPLEY
ARTHUR H. BOARDMAN
J. RICHARD HUNT

Report of Superintendent

To the School Committee:—

Ladies and Gentlemen:—I herewith submit my annual report covering the year ending December 31, 1919:

The statistical tables in the appendix are made from data for the school year ending June 30, 1919.

HIGH SCHOOL

The sudden loss of Mr. Howe one year ago made it necessary to look for a new principal. The Committee, after carefully canvassing the field, unanimously elected Charles J. Peterson, principal of the Attleboro High School. His work since assuming charge of our high school seems to fully justify his selection.

The registration of the high school for December took a sudden jump last fall from 534 to 596. This increase, of course, meant additional classes and recitation periods. As the building could not possibly take care of these extra periods together with some other increases in the number of recitations for some subjects which seemed absolutely necessary we had to look for extra quarters. A portable building seemed to be the best and most economical solution, consequently the Committee purchased a two-room portable building and set up on the west side of the school lot. By means of this we gained fifty recitation periods, giving us a few more than actually needed at the time.

We have tried to strengthen the work in Military Drill, particularly in the side of the setting up exercises. We have just received word from Adjutant General's Office, notifying us that our high school will receive government aid under Section 56, Act of Congress, June 3, 1916. The section is as follows:

"Section 56. Military equipment* and instructors at other schools and colleges, such arms, tentage and equipment as the Secretary of War shall deem necessary for proper military training shall be supplied by the Government to schools and colleges, other than those provided for in section forty-seven of this act, having a course of military training prescribed by the Secretary of War and having not less than one hundred physically fit male students above the age of fourteen years, under such rules and regulations as he may prescribe; and the Secretary of War is hereby authorized to detail such commissioned and non-commissioned officers of the Army to said schools and colleges, other than those provided for in section forty-five and forty-six of this act, detailing not less than one such officer or non-commissioned officer to each five hundred students under military instruction."

When the High School Principal made up his program for the year we found it was necessary to have three additional teachers to carry on the work in an efficient manner.

The teachers and students are commended for the spirit with which they work under such handicaps in the old building. The idea of soon being in the new and up-to-date accommodation helps them to keep up their courage and do as efficient work as they do at present.

ACCOMMODATIONS

The congestion in the Lincoln School has been relieved for a time by the erection of a new building in the Woodville District. The last Town Meeting made an appropriation which, at the time, was thought large enough to build a schoolhouse with six rooms and an assembly hall. By the time architects were chosen and bids received prices had advanced so much it was found to be impossible to build within the appropriation without decreasing the size of the building. The Committee did not feel that it was fair to the Town to erect a smaller building, so they explained the situation at a special Town Meeting and asked for a larger appropriation. The contract called for the completion of the building by December 31, 1919, but the condition of the labor market made this impossible. We expect now to occupy the building by April.

The School Committee changed the western boundary of the Woodville District by moving it to the brook in the rear of the car barn on Water Street. The pupils of the first six grades who lived within the boundaries of the Woodville District were asked to attend the Woodville School even though they could attend only for part time. They did not lose any time, however, as they would have had only part time if they had gone to the Lincoln School. There were seventy-five transferred from the Lincoln School.

We found it necessary to open another room at Montrose because the room seating grades one to four was overcrowded. There was room enough for seating part of them with grades five, six and seven, but we felt it would be unjust to all concerned, for some of the classes could not possibly have received the attention necessary to keep them up to grade.

Those pupils who lived in Oakland Park were given permission to attend the Montrose School, further relieving the Lincoln.

We accommodated this overflow and the new ones in the district by using the assembly hall, but we have kept the hall available for a civic centre by using portable furniture for the children.

No building is at this time badly over crowded.

GARDENS AND CLUB WORK

The home garden projects have proven so valuable that we have continued with the work, and we have added club work. I believe that these have a distinct value to the child which can hardly be furnished in any other way. Arithmetic has a new meaning when the pupils have to keep

accounts of the materials bought for the gardens, and language seems different when used to give reports on work done. I believe these projects tie up the school with daily life which is what we ought to do.

Last year Donald White besides supervising the gardens of the school children had charge of the War gardens, and gave a few lessons in the high school. Beginning with last September he took complete charge of the Botany class and classes in Agriculture. He will still continue to act as supervisor of gardens, but he will be utterly unable to visit each individual garden. There should be an assistant who could take charge of the home gardens working in co-operation with the Committees from the different Parent-Teacher Associations.

Below are excerpts from Mr. White's report which show the value and character of the work with the results accomplished.

The work in Wakefield may be roughly divided into four classes: Junior clubs, High School class work, School Garden Army and the Community Gardens.

The Junior club work now comprises six lines of endeavor: Garden, poultry, pig, home handicraft, home economics and canning. In all of these a certain amount of practical work has to be done, records kept of the money, etc., involved, and a story of the enterprise written at the close of the competition. In some of the projects an exhibit of the products is required. A comparative synopsis of the finished club work for the years 1917-1918 and 1918-1919 is given below, together with the few figures which are already available for 1919-1920.

	1917-1918			1918-1919			1919-1920
	Number of pupils finishing work....	Product.....	Value of product....	Number of pupils finishing work....	Product.....	Value of product..	Number of pupils starting.....
Garden	0	0	0	8	* \$245.87		†
Poultry	1	*	*	3	*	*	23
Pig, spring	11	2120 lbs	\$424.00	6	1779 lbs	\$302.43	†
Pig, brood sow ..	0	0	0	2	*	*	2

Home Economics...28	22 g'rm'nts	\$66		54 72 g'rm'nts	\$216		114
	1068 loaves	\$160.20		1226 loaves	\$208.42		
Canning	22	1000½ qts	\$500.25	68	3369 qts	\$1684.50	†
Totals	62	..	\$1,150.45	141	..	\$2,657.22	..

*Hardly large enough to warrant inclusion.

†Not yet enrolled for this year.

‡This project not started in Massachusetts before 1919-1920.

The High School class work must of necessity develop slowly. This year, for the first time, a full year course has been offered. The Freshman

course deals with general agriculture and has six pupils. Each of these pupils is required to do club work as a part of their course so that the two departments dovetail nicely. To the Sophomores work is given in botany and civic biology. Owing to the small number taking it as part of their agricultural course, they were combined with other pupils in the same subjects, making a total of 59 at the present time. Those taking it as part of their agricultural work are required to have a practical project besides class work. Next year it is hoped that a course in horticulture may be offered juniors.

The cooking class is the first of its kind and numbers 41 in four divisions. These pupils are all Freshmen. The pupils in this branch of the work are not required to become club members.

A resume of the more important achievements of the Club members (including High School class pupils) during the past year would not be out of place at this time.

Garden. Wakefield's demonstration team (Myrton Fuller and Edward LeFave) won the county championship.

Three Wakefield boys (Edward Cocoran, Myrton Fuller and Edward LeFave) won the three places on the Massachusetts State vegetable judging team. One of these was unable to compete later. The reorganized team won fourth place at the Eastern States contest at Springfield.

An exhibit of vegetables from various members won first prize for towns at the New England States Fair.

A Wakefield girl, Myrtle Noble, won the championship of Middlesex County on home garden work. She also won a gold medal at the Eastern States Exposition for a display of parsnips.

Poultry. For the first time a poultry judging team was trained. This team comprised Edward McManamin, Ray Samuels and Eleanor Crabiel. They took sixth place in a competition between fifteen poultry teams from Massachusetts, Rhode Island and Connecticut, at the Boston Poultry Show. Ray Samuels took sixth individual place. Wakefield club members secured three first, one second, and one fourth on five exhibits.

At the Quannapowitt Poultry Association Show an individual judging competition open to Middlesex County was held. Philip Pasqualino, Everett Bennett and Eleanor Crabiel took first, second and fifth places respectively. Six exhibits by Wakefield members took four firsts and two seconds.

Canning. At the exhibit held in the Town Hall in September, seventy-nine exhibits of five jars each were shown. A collection of ninety-six jars of vegetables from the Warren School club members took fourth prize at the New England States Fair.

A demonstration team, consisting of Agnes Lyons, Nellie Sheehan and Lillian Fisher was formed. At Malden, in competition for the county championship, they won third rank, and were presented with medals for their good work. Later they demonstrated at the town fair in Wilmington. At the exhibition in the Wakefield Town Hall they gave two demonstrations.

Two banner clubs, that is, where every member finished her work, came through—Greenwood and Hurd. Nellie Sheehan was the town champion, putting up one hundred and five jars, writing a good story and being a member of the demonstration team, and having been a faithful worker for two or three years.

Four Thursdays six of the girls under the leadership of Miss Doris Nelson did commercial canning work.

Home Economics. The town champion, Catherine Donegan, had a score of 96.5 per cent and was one of the first ten individuals in the county.

The School Garden Army is used as a training camp to fit boys and girls to become good club members. The work has now reached the point where practically only those who have made good in the Garden Army will be asked to join the garden clubs. This army work is carried on in the grammar schools only.

The numbers of those who finished their work in 1919 in the respective schools are as follows: Warren 40, Prospect 26, Hurd 17, Montrose 16, Franklin 13, Lincoln 12, Hamilton 4, Woodville 2, total 130. Another year with paid direct supervision a total of at least 250 should be reached.

It is much to be hoped that the coming summer we may have a paid supervisor who will give nearly his or her whole time to this garden army work and thus, by co-operation, greatly assist the district volunteer committees which have done such good service. The work has reached a magnitude where volunteer workers should not be expected to bear the whole burden.

The community gardens naturally reached their maximum during war times. Last summer saw a marked decrease in their number, but there were still about twenty acres of them under cultivation. This number will, without doubt, continue to decrease until a fairly steady average is maintained.

Eleven different tracts of land were used. About one hundred and seventy-eight gardeners were on these tracts, which included 210 plots under cultivation. These plots were distributed as follows: Center 69, Woodville 54, Greenwood 37, North Ward 32, West Side (including North Avenue north of Albion Street) 18.

Although the financial side of the community garden work is not under the direction of the school committee, I feel that this is the proper place to report concerning it.

675.25 675.25

so far as possible this season for as many as desire it. The educational value of the project should be emphasized more and more as the work becomes stabilized. Too many thanks cannot be extended those land owners who have so generously donated their land for this purpose.

The value of the product raised on these gardens is a matter of common interest. This season fifty-one plots were reported by those using them as raising \$1,329.80 worth of produce, or an average of \$26.07 per plot. If all the remaining plots averaged as well, the total produce was worth approximately \$3,475.00. The average figure should increase from year to year as the gardeners learn more and more concerning the growing of their crops.

REPAIRS

Last summer we found it absolutely necessary to have more room at the high school and we bought a two-room portable building. We also had to secure three additional teachers for the High School and one extra for the Montrose School. As we had not provided for the building nor for the extra teachers we found we were going to be short of funds at the end of the year. Therefore, we did no repairing, except what was necessary for safety and for preserving the building. Our should have done last year.

Two furnaces in the Greenwood School leaked gas. We tried to repair bills will be large this summer when we do the work that we remedy this during the Christmas vacation but found that we could not get the new parts needed. The temporary repair was not successful, and we shall have to install two new furnaces to replace these. We already have bids out for new ones.

Some of the furnaces at the Warren School leak gas unless they are handled very carefully. Examination shows that practically all of these will have to be reset during the summer. There will be considerable expense for this work.

All other repairs are of a minor nature but the total expense will be large.

EVENING SCHOOLS

Last year the enrollment in the regular evening schools dropped as the number of illiterate minors decreased with restricted immigration. Our total membership however increased because of a demand for in-

struction by illiterate adults and by those who knew some English but wanted to know more, and by others who wished to take out citizenship papers.

The work in the Italian Clubs has not only continued but increased. These clubs voted to furnish rooms, light and heat if the School Department would furnish the teachers. We now have three classes conducted in two clubs, while a third club has voted to fit up a room and ask for a teacher for next fall.

Many of the young men in these classes are preparing to take out citizenship papers as many of their friends have already done. Their interest is indicated by the fact that although many members of the classes work out of town yet the attendance in the evening is very good.

The Committee has accepted a law passed by the last legislature which provides State aid for Americanization work with adult aliens. By this law the Town will be reimbursed by one-half the cost of conducting these classes. The different reimbursements from the State do not apply directly to the finances of the Department, but are turned into the Town Treasury. The Town Meeting has to advance the money, but the Town receives a portion of it back from the State.

EVENING PRACTICAL ARTS

Last winter we had a small registration in the Evening Practical Art classes, due I presume to a re-action as a result of the armistice. This fall the membership has increased to about the normal. We found it necessary to add another teacher to the dressmaking classes and before the end of the year we shall probably have to add another teacher to the millinery class. The work is similar to that outlined other years.

SEWING

Of course the point of view in sewing has changed since the War closed and perhaps the best way to give a report is to include a part of the report of the sewing teacher, as follows:

"The Junior Red Cross work was continued until the closing of school in June. To the sewing teacher, the past year has been an arduous but inspiring one. We learned that the desire to serve did not have to be created in the schools. Indeed the pupils seemed anxious to help in the Red Cross work.

Although the chief aim in Junior Red Cross work was to help clothe the refugees care was taken to teach the making of these garments so that the educational value in the sewing process was acquired by the pupils—thus accuracy and neatness with right habits of work were constantly kept in mind.

The regular outline was resumed in September. The speed lessons are an innovation of this year being given from time to time for the purpose of increasing the efficiency of the girls by teaching them that quantity as well as quality is an aim in all work. They also learn that sewing is not merely a useful handicraft, but an art having its body of principles and rules according to which it must be taught to secure the

most practical as well as educational results.

The pupil's study of drawing and English are utilized with the instruction in sewing. Drawing of various stitches and kinds of work with accurate written descriptions of various stitches tend not only to train the hand to develop sewing, but create habits of thinking and of expressing ideas clearly.

In the first year the fundamental stitches are taught as a means by which the girls may construct a definite article and not as an end in itself. The following details are pursued such as the training of the body to assume and keep correct position, training of the fingers to handle properly the implements used, training of the eye to quick and accurate preception, and correct descriptions by giving oral and written specifications of the work done. When these essentials have been thoroughly mastered the work progresses to practical applications in making wearing apparel and articles of household use.

These preferable psychological impressions are developed through the training received in the sewing course, namely the training of taste, will, and judgment, so that decision, perseverance, promptness, thoroughness, and economy of material become habits of the pupils."

MANUAL TRAINING

I wish to call to your attention the work of the Manual Training department by submitting the following lists which show the most important things which they have done besides regular routine projects.

				Estimated Market Value
Quantity	Nature of Work	Material	Labor	
150	Teachers' door cards.....	\$1.00	\$3.40	\$4.75

I wish to call your attention to the good work of the School Physician and the school Nurse. The value of their work will be apparent from a perusal of the report.

Part of the nurse's report is as follows:

"I assisted the school doctor in examining teeth and throats. The number of notices sent out seems to be decreasing each year. I find that the pupils in the sixth and seventh grades are the ones who take the least care of their teeth. I am in hopes "A Child's Book of the Teeth" which was added to the course of study for grades three and four will be of great benefit and will help us in this problem of caring for the teeth.

The number of children with defective sight has been one of the problems this year. In the Franklin District I found it necessary to call on many mothers in regard to giving proper attention to the eyes. This I find needs more follow up work than I have been able to give. For a period of two weeks I visited the homes, and out of eight cases of children with very poor sight seven had glasses. Within three weeks all had treatment from a Specialist.

During the summer vacation a great many children who had notices sent home in regard to defective tonsils and adenoids had them operated on. A large number was also revaccinated.

When school started in September the School Physician informed me we did not have one case of contagion in town. This did not last

long I am sorry to say. In October a few cases of Scarlet Fever were reported in the Greenwood section. These cases were very light and it was necessary to visit the school every day. I found four children at different times desquamating. These children had been out of school only a day or two, had returned, and after a period of ten or twelve days were desquamating. The School Physician was notified and in each case the child sent home, the parents notified and the family physician called. I also found children attending school with an eruption of the body which proved to be scabies.

I have been able to have children treated at the Eye and Ear Infirmary through Miss Ridgeway, an agent of the State Commission of the Blind. She placed one child in a school in Lynn, another who had conjunctive cataracts was operated on, is now wearing glasses and is greatly improved. The third with a severe muscular trouble is wearing glasses and is to be operated on in January.

The District Nurse Association, Junior Red Cross and St. Elizabeth Guild have been very helpful this winter as there was great need of clothing and shoes among the school children."

The report of the School Physician will be found in another place. and should command your attention.

COURSE OF STUDY

With the new high school building apparently within sight we ought to make a complete survey of the course of study both for the high school and for the grades. The completion of the new high school will make it possible to introduce still further the junior high school which we have started in a small way as with the present accommodations it is physically impossible to do very much with it.

A committee of teachers for each of the major subjects has been appointed to work up an entirely new course of study. They will probably be ready to render at least a partial report by the end of the present school year.

STANDARD TESTS

I recommend that the **Committee set aside a small** portion of the funds for the purpose of using each year standard tests whereby we may measure the work of our schools with others throughout the country. We should use these to find our shortcomings as compared with others, and to give encouragement for the good work that the teachers do. At various times we have tried these tests for reading and spelling with very satisfactory results which showed that in these subjects we do slightly better than average set.

SALARIES

Wages have increased very considerably during the last few years, but the salary for the teachers has gone up very slowly and very little. Teachers were poorly paid before all these increases and now are far behind, in fact, the salaried person is the one who has suffered most on

the financial end. The enrollment in the normal school has fallen off alarmingly and there is a decided shortage of teachers throughout the country. In some places schools are closed because of the inability to find anyone competent to handle them. The safety of our country lies in the education of the youth and we cannot afford to have any of the schools closed, nor can we afford to lower the standard of the teachers. We ought to command the best men and women for these positions, but we never will until we give a remuneration at least better than that paid to the unskilled.

Last fall one of the students at the High School indicated an intention to leave school. When the teacher argued in favor of finishing the high school work first she was asked why, when the wages to be paid then were more than she was receiving.

A girl graduated from the general course last June and then spent a short time in a business school. She has accepted a position at \$75 per month with the promise of an increase to \$90 within three months. In other words this young girl without a bit of experience, with practically nothing but a high school education began her work at an annual salary equal to the maximum paid our grade teachers. These two instances are enough to show why there is a shortage of teachers.

It is for the safety of the school, the children, and the country that I urge the Town to grant the increase or \$400 which the Committee has asked. This would raise the maximum for the grades to \$1300, or \$25 per week for the year, which at the present does not seem exorbitant and which is only about \$3.00 per week more than is paid a crossing tender on the railroad. I realize that the increase means a higher tax rate, but the Town must decide whether to increase this or lower the standard of the school by engaging incompetent and poorly trained, or untrained teachers. The surrounding Towns are raising the teachers salaries, and Wakefield will have to do the same if we want to be able to get good teachers to replace those who for various reasons leave our corps.

RECEIPTS OF THE DEPARTMENT FOR 1919

The Legislature of 1919 passed a law setting off approximately \$4,000,000 from the Income Tax to reimburse towns and cities in part for salaries paid to the teachers. Section 3, Chapter 363, Acts of 1919 makes the following provisions:

"Section 3. For each person employed for full time service for the entire school year as teacher, supervisor, principal, assistant superintendent or superintendent of schools, the city or town shall be reimbursed as follows:

- (1) Two hundred dollars for every such person who has received as salary not less than eight hundred and fifty dollars and who is a graduate, of an approved normal school or college and had had at least two years' teaching experience or who possesses preparation and teaching experience accepted in lieu thereof.

- (2) One hundred and fifty dollars for every such person, not included in the foregoing classification, who has received as salary not less

than seven hundred and fifty dollars and (a) who has satisfactorily completed one year of professional training in an approved normal school or teachers' training school, and has had at least three years of teaching experience; or (b) is a graduate of an approved normal school or college, and has had at least one year of teaching experience; or (c) who possesses preparation and teaching experience accepted in lieu of either of the foregoing requirements in this paragraph.

(3) One hundred dollars for every such person, not included in either paragraphs (1) or (2), who has received as salary not less than six hundred and fifty dollars.

Section 4. For each teacher, supervisor, principal, assistant superintendent or superintendent of schools, employed for less than full time service for the school year, the city or town shall be reimbursed such a fractional part of the corresponding reimbursement for full time service provided for in section three of this act as that service bore to full time service; provided, however, that the person for whom the reimbursement is claimed shall have met the corresponding requirements of certification, if any, specified in section three, and shall have received as salary an amount not less than that fraction of the corresponding salary for full time service specified in section three. * * * * *

The receipts of the Town for the Department were as follows:

Aid for salaries from State.....	\$15,730.35	
State Wards	663.75	
City Wards	342.00	
Industrial Arts	627.79	
Practical Arts	57.00	
Other Tuitions	2,060.74	
		\$19,481.63

CHANGES IN TEACHING FORCE

The following changes in the teaching force have taken place this year:

RESIGNATIONS

HIGH SCHOOL

George Dickey, sub-master to Principal of Fairhaven High School.
Camilla Moses, Latin and Greek to Winchester High School.
Leonora Stiles, French, account of health.

GRADES

Charlotte Blanchard, Warren Assistant.
Olive Brownell, Warren Grade 3, to Somerville Junior High School.
Philomena Silva, Greenwood, Grade 1.
Isabel Hicks, Hurd Grades 7 and 8 to New Jersey.
Marion Clapp, Hurd Grades 3 and 4 to Connecticut.
Marjorie B. Pearson, supervisor Drawing, to be married.

RETIRED

Eva E. Howlett, Hurd Grades 5 and 6.

ELECTIONS**HIGH SCHOOL**

Roland H. Kinder, sub-master.

Paul A. Saunders, Principal Island Pond, Vt. High School, Head Mathematics Department.

Arthur A. Fulton, returned from service in the army.

Hazel M. Cushing, Somerville Junior High School, Latin and Greek.

Edith Cochrane, Bath, Maine, High School, French.

Hester C. Sharkey, substitute, English, Algebra, Physics.

K. Olive Hirst, English.

Doris Nelson, Framingham Normal, Domestic Science.

GRADES

Maude F. Gurney, Assistant Lincoln

Maude E. Parks, Groveton, N. H., Greenwood, Grade 1.

Eleanor Ringdahl, Revere, Hurd Grades 7 and 8.

Grace A. Jenkins, Canton and Foxboro, Supervisor Drawing.

CONCLUSION

I wish to take this opportunity to thank especially the teachers and Committee for their loyal support and co-operation without which we could accomplish nothing.

Respectfully submitted,

WILLARD B. ATWELL.

Report of School Physician

Last year comment was made on the variation in height and weight of the first grade children in the different schools. This variation has not proven constant, but there is a tendency to undersize in the first grade children of certain non-English speaking parentage, though their growth during the year is up to the average. The weighing and measuring is being continued.

A systematic examination of the nose, throat and teeth of all children in the grades and the first year in the High School has been made for several years. There is a decided lessening in the number of diseased throats, but the number of decayed teeth holds about the same. The latter by the way is by far the largest contributor to physical defects, and to my mind should not be classed with other physical defects in statistics as is so often done. To put tuberculosis, defective hearing, diseased tonsils and a decayed tooth in the same class and this to include fifty to seventy-five per cent of children as physically defective makes an impressive statement but does not express the real state of affairs. Decayed teeth are a defect and may be a real menace to health, but most of the difficulty is easily remedied and defects of the temporary teeth speedily cure themselves. From twenty to sixty per cent of the pupils in the various school rooms have defective teeth and a very large proportion of these have the trouble attended to, though unfortunately there is usually as much more the following year.

Scarlet fever has been prevalent throughout Eastern Massachusetts since the latter part of the summer. There have been numerous cases in Wakefield and largely among children of school age. The only semblance of an epidemic was at Greenwood and that could not be traced. The former custom was to close a school upon the appearance of Scarlet Fever and a very large majority of parents still think it the proper procedure. In the present instance at least six families would have escaped inspection and there is no doubt that our list of cases would have been much larger. It is interesting to note that the State Board of Health now advise strongly against closing, but places great stress on daily inspection. In this instance Miss English or myself or both visited Greenwood daily for six weeks.

Last May the school physician was appointed to the local Board of Health. This has resulted in a closer working knowledge of all health conditions, while the only drawback is that it tends to place a good deal of responsibility for health conditions upon that individual.

The routine work could not be successfully carried on without the willing co-operation of the school nurse and of the teachers. That has been given in full measure and the success of the work is largely due to them.

CHARLES E. MONTAGUE, M. D.

Report of Attendance Officer and Census Enumerator

Mr. W. B. Atwell, Superintendent:

Dear Sir:—I hereby submit the following report for the year ending December 31, 1919:

I have investigated the following cases:

Sickness	75
Truancy	77
Tardy	4
Kept out by parents	80
Lack of clothing, shoes, etc	18
Found on street, taken to school	7
Misdemeanors on school grounds	3
Found on street, taken home	2
Found at home, taken to school	5
New pupils placed in school	19
Pupils left school	14
Schools visited	15
Factories and stores visited	13
Suspensions	5
Taken to court	6
Convictions	4
Probation	2
Home Employment Cards	5
Naturalization Educational Records.....	12
Employment Certificates	5

—
365

Besides investigating the above cases I also canvassed the town for the census of pupils between five and sixteen years of age.

ALBERT D. CATE,
Attendance Officer.

Report of High School Principal

Wakefield, Mass., January 13, 1920.

Mr. W. B. Atwell, Supt. of Schools:

Dear Sir:—Herewith is submitted the annual report of the Principal of the High School.

The enrollment at the beginning of the school year was as follows:

	Boys	Girls	Total
Post Graduate	3	..	3
Seniors	53	71	124
Juniors	49	65	114
Sophomores	75	78	153
Freshmen	93	98	191
	273	312	585

This enrollment was 57 more than the year previous and necessitated the procuring more class rooms and teachers.

We have, with the two additional rooms in the new portable building, sixteen recitation rooms and nineteen teachers to hold recitations in them, so during nearly every period in the forenoon there are several teachers with no room to stay in. They have to come into the principal's office, which is hardly large enough for the principal and his clerk, and hold conferences with pupils, or, if that is occupied, do so in the corridors. At present we have a class of five pupils who are doing extra work in senior mathematics who must meet in the corridor off of the Chemistry laboratory. Every bit of available space is being utilized and if we have an increase in membership next year over what we have this year it looks as though we would be compelled to procure another portable building.

In looking over the records for the past seven years I found that the total enrollment each year was as follows: 1913, 437 pupils; 1914, 480 pupils; 1915, 499 pupils; 1916, 539 pupils; 1917, 521 pupils; 1918, 528 pupils; 1919, 585 pupils. During the war period and after the war, when in many schools the enrollment decreased by a large number, this school held its own, and this year finds a very large increase. If the increase next year is as large as it was this year, it means we must have more recitation rooms or have some of the classes which now recite in the morning come in the afternoon. The latter course would not be at all satisfactory as some teachers would have to teach in the afternoon as well as the forenoon.

To accomplish all the work that is necessary we have increased the number of periods each week in several subjects, for instance, Algebra I comes five periods a week instead of four, the same with Plane Geometry and first year English. English, the other three years, comes four times

a week instead of three. Botany is five times a week instead of three, and Solid Geometry three instead of two. Inasmuch as Massachusetts Institute of Technology requires Trigonometry for entrance we now teach that subject three times a week during the Senior year.

To encourage the pupils to study, we have introduced the Honor Roll. All pupils who receive a rank of A (90-100) in all subjects receive High Honors. Those who receive two A's and nothing less than a B (80-89) receive Honors. All who receive one A and nothing less than a B receive Honorable Mention. The result the first term was very encouraging.

We now have the passing grade 70% instead of 65% and to receive a diploma one must receive 72 credits during the 4 years of school instead of 68 credits. I feel that this is a step in the right direction and trust that in the near future it will be 80 credits. Each pupil should feel that school work is his business and we should put the requirements high enough so that when a pupil gets a diploma it represents four years of good hard work.

We have had marked success in Athletic this past year. Last spring the baseball team won the championship of the Middlesex Baseball League. Also in the Cross Country run held at Worcester our boys obtained permanent possession of a large silver cup which was awarded to the school that first won the meet three different years. Our boys won it three consecutive years. In football we were in no league but played most of the schools around Wakefield and won the majority of the games played. Coach Raymond S. Dower did very good work with the boys. The Athletic Association has been reorganized and now nearly every student in the three upper classes is a member of the association.

During the year a Dramatic Society, consisting of Seniors and Juniors, was formed. Much interest is being taken in the club.

The right to certificate graduates into college has been extended for an additional three years by the Worcester Polytechnic Institute.

The following continued their education after graduating from high school:

PUPILS ENTERING HIGHER SCHOOLS AFTER GRADUATION

Howard Acorn.....	Lehigh University
Margaret Anderson.....	Mrs. Clark's Business School
Raymond Batten.....	Bates College

MOTTO:—TO BE RATHER THAN TO SEEM

CLASS SONG

IDA M. LOW

Oh Wheels of Time, that never lag in your incessant turning,
 Oh Road of Life, that stretches out before us long and bright;
 The dreams we dreamed in childhood and the end of all our yearnings,
 The crowning glory of our youth, you bring to us tonight!
 Oh Wheels of Time, turn gently as you open up the Future,
 Oh Road of Life, lead on and up with purpose true and high;
 For they who went before us, both principal and teacher,
 Have left us those ideals which can never fail or die.
 Oh Wheels of Time, move forward then, from childhood into manhood,
 Oh Road of Life, lead on! and teach us other goals to gain;
 And God, who guides the destiny of all this world's endeavor,
 Oh guide us too—till we at last, the Highest Goal attain!

School Organization

SUPERINTENDENT OF SCHOOLS

Willard B. Atwell, 1911, Brown University

SUPERINTENDENT'S CLERK

Gertrude V. Lofstrom

LIST OF REGULAR TEACHERS TO DATE

Name	Grade	Date of first Election.	Where Educated.
High			
Charles J. Peterson, B. A., principal		1919	Wesleyan University
Roland H. Kinder, sub-master		1919	New Hampshire State
Raymond S. Dower, assistant		1918	Northampton Commercial
Elizabeth Ingram, assistant		1881	Smith College **
Paul A. Saunders, B. S., assistant		1919	Colgate University
Hazel M. Cushing, B. A., assistant		1919	Radcliffe College
Ethel G. Reed, A. B., assistant		1911	Tufts College
Hazel M. Andrews, A. B., assistant		1917	Syracuse University
Helen Gilmore, assistant		1913	Boston University **
Arthur A. Fulton, assistant		1915	Northampton Commercial
A. Irene Goddard, A. B., assistant		1915	Boston University
Alfred E. Preble, B. S., assistant		1913	Tufts College
Gertrude M. Butler, A. B., assistant		1917	Brown University
Genevieve I. Elmer, assistant		1916	Middlebury, Vt.
Margaret A. Ryan, A. B., assistant		1905	Boston University
Anne Carroll, A. B., assistant		1913	Barnard College
Grace C. Emerson, A. B., assistant		1911	Boston University
M. Alice Ryan, assistant		1902	Simmons College
Harriet M. Bigelow, assistant		1915	Fitchburg Normal
Edith C. Cochrane, B. A., assistant		1919	Jackson College
Hester C. Sharkey, B. A., assistant		1919	Radcliffe College
K. Olive Hirst, B. A. assistant		1919	Boston University
Alice E. Donovan, assistant		1918	Salem Normal
*Nellie Hanson, LL. B., Assistant			McKinley Univ., Chicago.
Isabelle M. Hirst, drawing		1916	Mass. Normal Art
Donald White, A. B., agriculture		1919	Harvard College
Dorothy Nelson, domestic science		1919	Framingham Normal
Mildred Ashley, clerk		1918	Middleboro High
LINCOLN			
T. Frank Shea, principal		1902	Westfield Normal
Maude F. Gurney, assistant		1919	Salem Normal

Report of Municipal Light Board

Wakefield, Mass., Feb. 6, 1920.

To the Citizens of Wakefield:

We submit herewith the twenty-sixth annual report of the Municipal Light Department, which is for the year ended December 31st, 1919. The report consists of a complete financial statement, our comments upon the business, some of the physical data regarding the plant and, in an appendix, transcripts from our several cash accounts.

The financial statement, which immediately follows, consists of the operating account, the profit and loss account and the balance sheet and is in the form in which we are required to report to the Department of Public Utilities as of the same date.

CHARLES S. SPAULDING,

Manager.

CHARLES W. HODGDON,

JOHN M. CAMERON,

Municipal Light Board.

	—————\$282,833.46

Early in the year, we engaged Mr. C. W. Whiting, consulting engineer, to make a study of our affairs and to tell us what he thought of them. Later, we engaged him to install a new system of accounting and a new set of account books and the work is now nearing completion. The accounts for the year have been re-arranged and re-written and the foregoing financial statement is the result. What Mr. Whiting has to say regarding it may be of interest to some so we append a letter from him, dated February 6th, 1920.

Because of the continued high cost of labor and materials, we have been obliged to increase our prices for gas and electricity. The price of gas was increased 10 cents per thousand cubic feet, on February 1st and again on November 1st. The present price is \$1.70 gross, with a discount of 10 cents for prompt payment. The price of electricity was increased on the same dates and is now 15 cents per kilowatt-hour gross, with a discount of 2 cents for prompt payment.

Additional street lights were installed on Broadway at Foundry St.; on Broadway near the Pumping Station; and on Lakeside Ave. and Cyrus St. The street lights on Main St., from Water St. to the Rockery, were changed and the service was improved thereby.

Extensive repairs were made on the lines and others will be required during the present year in order to put the lines in reasonably good order.

It was the custom, in the past, to read all of the meters during the last twelve days of the month and to send out the bills on the first of the following month. This resulted in a great amount of office work during one half of the month and little during the other half. We are now reading meters every day but Sundays and holidays and sending out the bills the day after.

The demand for gas, during the past year, shows that, if there is any breakdown or serious trouble with our apparatus, we shall not be able to supply what our consumers require. An additional water-gas set should be installed as promptly as possible and a request for the necessary appropriation has been made. Your favorable action on the matter will be highly appreciated.

Below are some physical data pertaining to the plant.

PHYSICAL DATA.

	As of December 31st	
	1918	1919
Feet of mains	208,318	211,926
Gas meters	2,538	2,638

Gas consumers	2,538	2,638
Cu. ft. coal gas made	35,776,000	37,657,000
Cu. ft. water gas made	20,240,000	18,460,000
Cu. ft. total gas made	56,016,000	56,117,000
Cu. ft. gas accounted for	43,540,000	43,637,000
Cu. ft. gas unaccounted for	12,476,000	12,480,000
Per cent. gas unaccounted for	22.2	22.2
Feet of wire	794,453	809,543
Transformers	303	302
Electric meters	1,235	1,394
Street lights	609	613
Electric consumers	1,235	1,394
K. W. Hrs. purchased	925,345	849,792
K. W. Hrs. sold for light	262,934	307,773
K. W. Hrs. sold for power	413,056	248,948
K. W. Hrs. used for street lights.....	79,904	120,985
Hours operated, Square lights	2,326	3,687
Hours operated, other street lights	1,813	3,105

It is with great sorrow that we record the death of Mr. Edwin C. Miller, a leading member of our board for many years, and we feel that we can do so in no better way than to place here a copy of the letter of condolence which we sent to Mrs. Miller.

"Mrs. Ida F. Miller,
Richardson Ave.,
Wakefield, Mass.

Dear Mrs. Miller:—

It was with deep regret and sincere sorrow that the Wakefield Municipal Light Board learned of the sudden and untimely death of your honored husband, Mr. Edwin C. Miller, on January 26, 1920.

As chairman of our board many years, Mr. Miller had won the respect, admiration and love of his associates, likewise all the employees of the department, both office and plant. Mr. Miller's interest in the Municipal Light Plant and his devotion to the welfare of Wakefield for so many years, gained for him a conspicuous place in the municipal, civic, social and fraternal life of the town of his adoption. His passing away is universally deplored by our townspeople.

As members of the Municipal Light Board, we shall long cherish the memories of the many pleasant meetings we have spent together, at which Mr. Miller was invariably on hand to give us the benefit of his long experience and wise counsel.

We deem it particularly appropriate at this time that a quotation from a letter recently sent from our office by Mr. Miller to a Wakefield family, might here very truthfully apply in the case of yourself and family:

"Trusting that the Heavenly Father will comfort you during the

days that you are passing through the darkness of this great loss, we beg to remain.'

With kindest regards and sincere sympathy for yourself and family, we beg to remain,

Yours sincerely,"

Respectfully submitted,

CHARLES S. SPAULDING, Manager.

CHARLES H. HODGDON,
JOHN M. CAMERON,
Municipal Light Board.

APPENDIX.

Because of its different characteristics, the cash we handled is kept in three cash accounts called operation fund, depreciation fund and construction fund. Transcripts from these are given below.

OPERATION FUND

Debtor

To balance of Dec. 31, 1918	\$ 0.00
To appropriation for debt retirement	12,500.00
To appropriation for operation	15,500.00
To gas receipts	68,420.81
To electric receipts	49,620.39
To sundry receipts	11,276.20

\$157,317.40

Creditor

By debt retired	\$ 12,500.00

REPORT OF CONSULTING ENGINEER.

Boston, Mass., Feb. 6, 1920.

Municipal Light Board,
Wakefield, Mass.
Gentlemen:

In view of the fact that you are about to report to the town upon the operation of the Gas and Electric Department for the year ended December 31st, 1919 and upon its condition at the end of that year, I beg to submit the following:

The financial statement, which I am handing to you to be incorporated in your report, is in somewhat different form from that used in the past but it is in good form and such as I would recommend for the future. It is in the same form as prescribed by the Department of Public Utilities to whom you are required to report annually. Furthermore, it is a direct copy from your new general ledger, without any computations or alterations. It is comparatively simple but, even so, I would make some comments upon it and upon what it indicates.

The statement consists of the operating account, gas; the operating account, electric; the profit and loss account; and the balance sheet. It is a complete financial statement of what the department accomplished during the year and how it stood at the end of the year. The operating accounts show the operating expenses, the operating incomes and the balances between these, which balances are carried to the profit and loss account. The latter shows the non-operating expenses, such as interest, depreciation, etc. and the non-operating incomes, whatever they may be. The balance of the profit and loss account is carried forward from year to year and represents the surplus or deficit as the case may be. The balance sheet shows the book values of the assets and of the liabilities

at the end of the year and the difference between these, and this latter also represents the surplus or deficit and agrees with the profit and loss balance.

The operating account, gas, shows a loss of \$4,157.04. This is very unsatisfactory because there are also non-operating expenses and obligations, such as interest, depreciation and debt retirement, that are chargeable to the gas division. If these are added to the operating loss the showing will be as follows:

\$ 4,157.04	Operating loss
922.00	Interest charges
3,400.00	Depreciation charges
6,813.00	Debt retirement

\$15,362.04 Total loss

In order to make the gas division self-sustaining, the expense of making and distributing the gas must be reduced, the price of gas sold must be increased or a combination of these two remedies must be applied.

The operating account, electric, shows a profit of \$21,133.94. If the non-operating expenses and obligations are deducted from this, the showing will be as follows:

\$ 828.00	Interest charges
3,098.33	Depreciation charges
5,687.00	Debt retirement

\$ 9,613.33 Total

\$21,133.94	Operating profit as above
9,613.33	Non-operating expenses and obligations

\$11,520.61 Net profit

This is very satisfactory but it appears to be more satisfactory than it really is because of the means by which it was obtained. Part of the income was an appropriation from the tax levy for street lights and this amounted to \$15,500.00. According to the records, 120,985 kilowatt-hours were supplied to street lights during the year so the cost of this current, to the town, was 12.81 cents per kilowatt-hour which is more than it should be.

The profit and loss account shows a deficit, at the beginning of the year, of \$59,675.23 and a deficit at the end of the year, of \$56,826.60. These will be referred to later but it should be noted that they show a profit for the year of \$2,848.63. This figure should be considered in connection with the items that produced it.

In the first place, when rewriting the accounts, I thought it best to separate the fire alarm accounts from the gas and electric accounts since it only leads to confusion to keep the two sets together. The fire alarm

appropriation, amounting to \$5,698.33, had to be written off through the credit side of profit and loss and the fire alarm plant and inventory, amounting to \$8,026.61, had to be written off through the debit side of profit and loss. The difference, amounting to \$2,328.28, represents fire alarm plant that was built, in the past, out of funds belonging to the gas and electric department and shows as a loss, now that it is taken out of the gas and electric accounts.

In the second place, the stock account was not kept properly in the past. Materials were debited to it when purchased but not credited to it when inventoried for closing the books. The balance of the account represented a loss but this loss was not written off each year through the profit and loss account but was carried forward as an asset and called an inventory. The balance, as of December 31st, 1919, amounted to \$3,179.39 and I have written it off through profit and loss.

In the third place, it seemed best to change the method of keeping the accounts relating to gas services. In the past, the cost of installing gas services, except that part paid for by the consumers, was treated as an expense and charged to the operating account. That was not correct because the services were part of the plant, just as the mains and the meters were. In so far that method was followed, I gathered together the costs, made an allowance for depreciation and wrote the resulting value onto the books by crediting profit and loss and debiting a plant account called services. That produced an abnormal profit for the year amounting to \$3,063.16.

Except for the entries mentioned above, the net profit of the department would have been as follows:

\$2,848.63	Profit as shown
2,328.28	Loss from fire alarm accounts
3,179.39	Loss from stock account

\$8,356.30	
3,063.16	Profit from services

\$5,293.14 Virtual net profit for the year

The balance sheet shows the standing of the department as of December 31st, 1919. It is given in the form prescribed by the State but it requires an explanation. It shows an apparent deficit of \$56,826.60 but that results from the fact that the debt which has been retired, amounting to \$187,300.00, is set up as an apparent liability. Actually, so far as the department is concerned, the assets amount to \$226,006.86 the liabilities amount to 95,533.46

and there is a surplus of	\$130,473.40
So far as the town is concerned,	
the assets amount to	\$226,006.86

the liabilities amount to

52,299.56

and there is a surplus of

\$173,707.30

The difference between these two figures is \$43,233.90 which is the sum of the appropriations made from the tax levy for construction.

The new general ledger contains three cash accounts and these are called operation fund, depreciation fund and construction fund. The reason for separating the cash in this way is that it has different characteristics. Some of it may be used for certain purposes and may not be used for certain other purposes. The operation fund is intended to handle the cash available for operating expenses, the depreciation fund is intended to handle the cash available for renewals of the plant which may be required to offset the depreciation that takes place and the construction fund is intended to handle the cash available for additions to the plant. The cash for the depreciation fund is transferred from the operation fund, once a year, and amounts to 3% of the cost of the plant, exclusive of the land. The cash for the construction fund is appropriated by the town, either from the tax levy or from bonds or notes; or it may be transferred from the depreciation fund by orders of the Municipal Light Board to the extent that there is cash in the depreciation fund available for the purpose.

Transcripts from these cash accounts are shown and I would say a few words regarding them.

The credit side of the operation fund shows \$1,727.24 as paid to the town and \$73.92 as on hand December 31st, 1919. The sum of these two amounts was the balance of the operation fund at the end of the year. It was assumed that the balance of this account should be made over to the town and the \$1,727.24 was so treated and deposited with the town treasurer up to late in the afternoon of December 31st. After that, however, the \$73.92 came in and was on hand at the end of the day. This will be reported by the town treasurer and town accountant as being received in 1920, so that the several sets of books will agree. It seems that the town by-laws provide that the balances of appropriations shall revert to the town at the end of the fiscal year and it is claimed that the balance of the operation fund is the balance of the appropriation for the gas and electric department. Of course, it is not, because the appropriation was expended long since; but the chief objection to this method of procedure is that it makes it more difficult to keep the accounts so that they will show exactly what the department is doing. The money earned by the department should remain in the department and this is especially so for two reasons. In the first place, the accounts now show a deficit of \$56,826.60 and the department should wipe that out before it returns any money or pays any dividends to the town. In the second place, the department requires some money every year for additions to the plant in the way of mains, services, lines, transformers and meters and, if it has a balance in the operation fund at the end of

the year, it should be allowed to transfer that balance to the construction fund. It will then have to ask the town for just that much less for construction. This matter is of so much importance and has given so much trouble in the past that Mr. Weed of the Department of Public Utilities has proposed the following as a vote for a town to pass in connection with the appropriation for street lights:

“Ordered, That there be included in the tax levy for electricity used for street lights the sum ofdollars, and that said sum and the income from sales of electricity and gas to private consumers and to municipal buildings during the current fiscal year be appropriated for the municipal lighting plant, the whole to be expended by the manager of municipal lighting under the direction and control of the municipal light board for the expense of the plant for said fiscal year, as defined in section 114 of chapter 742 of the Acts of the year 1914 (as amended by chapter 77 of General Acts of 1918), and that, if there shall be any unexpended balance thereof at the end of said fiscal year, the same shall be transferred to the construction fund of said plant and appropriated and used for such additions thereto as may be authorized by the municipal light board during the next fiscal year.”

I recommend that this be proposed at the coming and future town meetings.

The construction fund shows a balance of \$269.80 whereas the balance on the books of the town accountant was \$265.46. The difference is due to my rearrangement of the entries pertaining to services and could not be adjusted before the the books were closed. The department should deposit, to this account, the sum of \$4.34.

Respectfully submitted,

C. W. WHITING.

\$28,809.58

REVENUE ACCOUNTS

The surplus revenue at the close of the year, as shown by the balance sheet, is \$41,948.39 a gain of \$8,509.15 over 1918.

RECOMMENDATIONS

In view of the increased calls for money of many of the departments for the ensuing year, I would recommend that the town appropriate from its surplus revenue the sum of \$40,000.00.

The accounts of the Treasurer have been examined and agree with the Accountant's books, cash balances have been verified by bank statements. All permanent and temporary loans cancelled during the year by the Treasurer have been examined and found as reported.

I take this opportunity to thank the Honorable Board of Selectmen, and all other town officials who have co-operated and assisted in the work of this department.

Respectfully submitted,

HARRY A. SIMONDS,

Town Accountant.
